VI. Proclamations / Awards / Recognitions

1. ALS Awareness Month Proclamation

Mayor McCallum explained that a resident living in our city, Penny Cothran, recently requested this proclamation and had hoped it might be read in May. However, with all the celebrations (of newly elected, incoming councilmembers), the mayor respectfully asked Ms. Cothran if it could be moved to the first meeting in June instead because he wanted to be sure it had the serious attention it deserves. The mayor then read the proclamation and indicated the city will get this proclamation to Ms. Cothran since she could not be present this evening in person.

2. Elder Abuse Awareness & Prevention Month Proclamation

Mayor McCallum called forth Ms. Amanda Sutherland, Program Administrator with Adult Protective Services (APS). He then read and presented her with this proclamation. She subsequently thanked him and the City for issuing this proclamation to raise awareness and for its continued support of APS.

3. Rockwall Police Department: Unit Certificate of Merit - Criminal Investigations Division

The following was read regarding this Unit Certificate of Merit recognition:

The Criminal Investigation Division recently investigated three major cases that occurred within a span of 26 days and required significant allocation of resources, collaboration with outside law enforcement partners, and intensive investigative effort.

The first major case occurred on Monday, September 30, 2024 when an infant was kidnapped by her biological parents who had temporarily lost custody of the child. This incident sparked an Amber Alert prompting a nationwide search for the child. Within approximately seven and a half hours, detectives determined the suspects were traveling out of state and with the assistance of the Missouri Highway Patrol, the vehicle was located, the child was safely recovered, and the two suspects were arrested for Aggravated Kidnapping.

In early morning hours of Thursday, October 17th, 2024 Detectives were called to the scene of an individual in the parking lot at the Harbor who was found deceased from an apparent gunshot wound. The investigation that followed established that three individuals followed the man to a work site, robbed him at gunpoint, stole his truck, and shot him as they were leaving the area. Detectives quickly developed a vehicle of interest which was stopped in a nearby county approximately 10 and half hours after the offense. All three suspects were subsequently arrested and charged with Capital Murder.

On October 26th, 2024 a resident of an apartment complex was violently assaulted in a parking garage by a several individuals. During the assault, a firearm was brandished and the victim's purse was stolen. Using various investigative techniques, the suspects were quickly identified and the Rockwall PD SWAT team served a high-risk search warrant in Mesquite, TX where two suspects were located and charged with Aggravated Robbery. A third suspect was also later charged.

These sorts of complex felony cases demand a great deal of work hours, investigative strategy, and cooperation with local, state, and federal partners. It is clear that the detectives, property clerk and their supervisors went above and beyond and performed incredibly well through dynamic and ever-changing circumstances that resulted in the arrest of multiple felony offenders and brought a measure of justice to the victims and their families in these incidents. These police professionals went above and beyond and based on their exemplary performance through complex circumstances, a Certificate of Merit is being conferred to Sergeants Jose Urive and Craig Goff, Detectives Kevin Tilley, Laurie Burks, Phillip Young, Jalena Page, John Tinsley, Steven Nagy, Michael Manuel, Jake West, and Property Technician Debra Helfrich.

Both Police Chief Ed Fowler and Mayor McCallum thanked these professionals for the work they do, including the countless hours and efforts invested to make Rockwall a safe place.

VII. Open Forum

Mayor McCallum explained how Open Forum is conducted, asking if anyone would like to come forth and speak at this time. There being no one indicating such, he then closed Open Forum.

This motion to approve the Consent Agenda, minus items #7 and #8 passed by a vote of 6 ayes with 1 absence (Campbell).

Mayor McCallum then asked Planning Director, Ryan Miller, to provide some clarification on Consent Agenda item #7, specifically pertaining to parking related concerns and limitations. Mr. Miller shared that this agenda item is related to the subdivision plat, which – he is obligated to say – does meet all the technical requirements. HG Supply did have a site plan that was approved back in the 2018 or 2019 timeframe, and they've had multiple revisions to that site plan over the years. Originally Council had given them the ability to offset 15 of the required parking spaces onto the Trend Tower garage. Ultimately, that was increased to 18 spaces through the site planning process. An additional site plan will go before the Planning & Zoning Commission on the 10th of this month. General discussion then ensued between the mayor and Mr. Miller related to the parking situation, associated maintenance costs and who is responsible for payment in that regard. Mr. Miller shared that staff has asked them, with their newest request, to go on their own to try and work out the parking situation. Their deadline is tomorrow. Mayor McCallum then indicated he would like to table this item so that parking issues may be addressed before this project moves forward any further. After expressing additional concerns about the parking situation at this location, Mayor McCallum moved to table this item. City Attorney Frank Garza interjected, indicating that this replat is subject to “the shot clock,” which is a regulation the state legislature passed that takes authority away from cities. Mr. Miller shared that the way it works is – the Council has 30 days to act on a (re)plat, or it's automatically approved. The only extension to 60 days has to be requested by the applicant. So if Council does not act on this tonight, it will essentially be approved (by default). Mayor McCallum expressed disappointment about this, sharing that on any given night, patrons at Vidorra take up the whole parking lot, and the new, incoming restaurant – Finch – is not even open yet. So, the parking is very problematic, and it will be even more so once Finch and HG Supply come. Staff explained how it is working with the applicant regarding parking, encouraging them to exhaust all means, and staff will know more tomorrow.

Following additional comments regarding parking, Mayor McCallum made a motion to approve P2025-017. Councilmember Lewis seconded the motion, which then passed by a vote of 6 ayes with 1 absence (Campbell).

Regarding Consent Agenda item #8, Mayor Pro Tem Moeller expressed the belief that this “no parking” ordinance warrants some additional discussion with the school district before the city moves forward. So he

moved to table this item until the next city council meeting. Councilmember Henson seconded the motion, which passed by a vote of 6 ayes with 1 absence (Campbell).

X. Action Items

1. Discuss and consider a request for a sign variance related to materials standards for 3 pole signs at "The Plaza at Rockwall" shopping center located at 995 E. IH-30, and take any action necessary.

Jeffrey Widmer, the city's Building Official, provided background information concerning this agenda item. He explained that the shopping center had approached the city desiring to modify their existing identification signs along IH-30, and – after reviewing the request and verifying that what was being proposed met the city's sign ordinance standards - a permit was issued. However, shortly thereafter, the City discovered that the signs were modified with materials that were not an allowable – specifically wood. So staff contacted the applicant to ask them to modify their signs to come into compliance with the issued permit. Thereafter, the city received a request from the applicant asking to come before City Council to make a request for a variance to the city's materials standards.

Mr. Widmer further indicated that the original developer of the shopping center, Woodmont, came forth many years ago (in 2007) with a sign plan in which they asked for an additional sign (beyond what the sign ordinance allowed for at the time). Council granted their request, and two signs were allowed to be placed along the IH-30 service road, and those signs are there today. At that time, Council asked the applicant to wrap the steel signs in masonry, and the applicant agreed to do so. (So a total of 3 signs were erected – two on the IH-30 frontage road and one on Ralph Hall Pkwy.). Mr. Widmer went on to explain that a super majority vote of Council will be required in order for this materials-related variance request to be approved this evening since the location is within an Overlay District. Mr. Widmer then provided Council with the various options it has when considering what action to take in response to this request this evening.

Mayor McCallum then called forth the applicant.

Jason Horton with Signarama
9410 Dallas Pkwy., Suite 150
Frisco, TX 75033

Mr. Horton came forth as the applicant to address Council. Councilmember Lewis asked who made the decision to move forward with the wood material. Mr. Horton shared that it was the applicant. He shared that the decision was made not realizing that wood material was not even allowed. Councilmember Lewis asked who will be maintaining the signs. Mr. Horton shared that the shopping center owner will be maintaining it, and he went on to describe how it could be maintained and continue to look good over time. Councilmember Lewis strongly indicated that the shopping center owner cannot just do that – what was approved cannot just be changed. The applicant/shopping center owner cannot change his mind and just decide to go against what was previously approved by the city. Councilmember Lewis shared that, in addition to the shopping center owner, he (Mr. Horton) as a sign contractor also should have known that the material could not just be changed without city approval.

Mayor McCallum sought clarification from Mr. Garza, City Attorney, on what constitutes a 'super majority' this evening since Councilmember Campbell is absent. Mr. Garza shared that it will require 5 out of the 6 members this evening.

Mayor Pro Tem Moeller sought clarification on how long the cedar wood has been on there. Mr. Horton

shared that it has been up just within the last few months. He shared that, comparatively speaking, the real wood looked far better than the faux wood option. So, he explained, that is the reason why they went with the real wood instead. He shared that, since it is a (wood) wrap, eventually it will start peeling back.

Mayor McCallum shared that he was on the city council in 2007 and was there when the shopping center developer was asked to wrap the steel in masonry. Mayor McCallum went on to make a motion to deny this variance request. Councilmember Thomas seconded the motion, which passed unanimously of those present (6 ayes with 1 absence (Campbell)).

City Manager, Mary Smith reminded the Council of the Police Awards banquet this Wednesday evening. She indicated that Concerts on the Lake continue, and Fourth of July celebrations are upcoming too. Mrs. Smith shared that the crowds at the concert series have been amazing so far this year.

Mayor McCallum adjourned the meeting at 6:41 p.m.

CITY OF ROCKWALL, TEXAS MEMORANDUM

TO: Honorable Mayor and City Council

CC: Mary Smith, City Manager
Joey Boyd, Assistant City Manager

FROM: Travis E. Sales, Director of Parks and Recreation

DATE: June 16, 2025

SUBJECT: North Texas Baseball Association Contract for Leon Tuttle Athletic Complex Umpires

Rockwall Parks and Recreation entered into agreements for the past several years with ZT Baseball Nation with great success to provide umpires for RBSL league games. ZT Baseball Nations sold to Fortius Altius Operating LLC in 2024. We had an agreement with Fortius Altius in 2024 and we have chosen not to renew due to a few concerns. We are now seeking to work with North Texas Baseball Association.

This agreement provides umpires at set rates depending on the length of the scheduled games which ranges from \$40.00 - \$60.00 per game with a \$10.00 scheduling fee. Staff is requesting a 1-year agreement with (3) 1-year renewal options for the future.

The City Council is requested to consider authorizing the City Manager to execute the agreement with North Texas Baseball Association. Staff will be available to answer any questions.

North Texas Baseball Association

&

City of Rockwall

Baseball Umpire Contract

It is hereby understood and agreed this agreement is a legal and binding contract between North Texas Baseball Association, (hereinafter referred to as "NTBA") and City of Rockwall (hereinafter referred to as "City"). This agreement covers youth league baseball and baseball tournament games played within Rockwall, Texas.

1. TERM

Starting July 1, 2025 and ending June 30, 2026. With up to three (3) 1-year renewals.

2. SCOPE

NTBA shall be the primary provider of baseball umpires to the City of Rockwall as covered under the terms of this agreement. The City acknowledges this is a non-exclusive agreement and NTBA may provide similar officiating services to other organizations located in the City. NTBA also acknowledges that the City of Rockwall may use other umpires if NTBA cannot supply the required umpires for either youth baseball leagues or on tournament-by-tournament basis.

NTBA acknowledges and agrees to give the City priority in umpire assignments, for games played Monday-Friday, during the term of this Agreement. In cases of NTBA failure to assign an umpire or an umpire's failure to be on the field at the assigned game time, or to contact the City of estimated time of arrival prior to the start of the game, and when the game has been delayed by more than ten minutes, the City may find a substitute umpire(s) for the respective game.

It is understood that NTBA does not employ or train umpires and/or game officials. NTBA contracts umpires and/or game officials from multiple associations across Dallas/Fort Worth. If an umpire and/or game official is not properly trained, NTBA will inform the appropriate association of the inadequacies and require the inadequacies to be resolved in a timely manner. As an independent contractor, all umpires and/or game officials provide their own protective gear. NTBA will communicate to all associations providing umpires the appropriate uniform (per the City) for each scheduled game. Per the City, all umpires must wear official umpire shirt (same color), gray pants, cap (same color), protective gear and black shoes.

3. GAME RATES

\$40.00- 50-60 Minute game with 1 umpire

\$100.00- 75 Minute Game with 2 umpires

\$100.00- 90 Minute Game with 2 umpires

\$120.00-105 Minute game with 2 umpires

NTBA will schedule two umpires for all games requiring two umpires. However, if for some reason a NTBA umpire is forced to work a game by himself/herself, that requires two umpires, he or she will be paid time and a half.

4. OTHER FEES

The premature ending of a game due to inclement weather or other conditions not in control of the umpires, where the game is considered a complete game by rule, will be sanctioned by the City as a completed game. The game rate for a premature ending game will be the same as if the game was played to completion. The game rate for all games that start, regardless of completion, will be charged the same as if the game was played to completion. Suspended games will be charged at a prorated fee to the city.

NTBA will provide an on-site UIC for all League games. The UIC will be on site to handle any and all rules question and issues. The UIC will be dressed and ready to take the field, but will not take the field unless required. If the UIC does take the field he/she will receive \$45 (per game) regardless of the game time limit.

\$10.00 Scheduling fee

\$90.00-UIC- No payment if on the field

5. PAYMENT OF FEES

For tournament Umpires NTBA will submit an invoice by Monday or next business day at noon following the previous weekend's games, to guarantee a payment is received within a reasonable window of time no more than two weeks.

For league play NTBA will submit an invoice for half of the leagues scheduled games 1 week after the release of the schedule. At the halfway point of each season NTBA will submit a reconciled invoice for the remainder of the scheduled games.

All checks should be written and mailed to:

Robert Rinehart

1761 County Road 4309 N

Greenville, TX 75401

All invoices will be emailed to Jack McLain at (JMclain@rockwall.com). NTBA will be responsible for payment to the umpires and umpire associations that work City scheduled games.

6. GAME SCHEDULES

NTBA will be provided a schedule Wednesday night by 8:00 PM for any weekend tournament.

7. GAME CANCELLATIONS AND RESCHEDULES

Games cancelled for reasons other than inclement weather, when the City notifies NTBA more than twenty-four hours prior to game day, will not be assessed a cancellation fee.

A cancellation fee equal to the game fee will be paid to NTBA for games cancelled due to reasons other than inclement weather or field conditions when City notifies NTBA less than two hours before game time. Rainouts will be determined by the City and posted to the rainout line no later than 3:00 PM Monday through Friday and 6:30 AM on Saturdays and Sundays. Games cancelled on any given day will not constitute automatic cancellation of games the following day.

If inclement weather forces play to stop during a game, causing games to be postponed it is the responsibility of the umpires to collect all relevant information, allowing us to restart the game at a date TBD. Umpires will also know, understand, and assist city staff with all task related to Perry Weather and our inclement weather policy.

8. EJECTIONS

ALL Game umpires will be required to report to the City any and all ejections and provide details of the situation and cause for the ejection within twenty-four hours of the end of the game in a written report. The City staff member on site for all league games will be available to collect the written report or if incident occurs on Sunday, report shall be emailed to the City at the same time the invoices are sent to the City.

9. RULE CHANGES AND UMPIRE LIABILITY

Any seasonal change to the City Supplemental Rules must be in writing and delivered to the NTBA (5) days prior to the start of the season. Changes to the rules after the season starts must be presented to the NTBA in writing (5) days prior to their effective date.

NTBA will provide proof of insurance, naming the City as an additional insured, with minimum coverage limits of \$1,000,000.00. NTBA insurance policy shall cover NTBA on all fields for any and all types of games.

10. CANCELLATION:

Either party may terminate this contract for convenience by submitting to the other party a written notice of cancellation sixty (60) days prior to the effective date of termination.

11. REVIEW AND EVALUATION:

The City reserves the right to perform umpire and/or game official evaluations throughout the season. The City will share any and all participant feedback upon request.

12. AFFILIATION:

City and NTBA agree to be affiliated with the same governing organizations for tournament play if such organizations require them to do so. The City will be affiliated with National Championship Sports. City Reserves the right to offer tournaments under alternative governing bodies.

13. POINT OF CONTACT:

It is hereby acknowledged there must be a single point of contact from each party to this contract for the purpose of coordinating issues dealing with game schedules, umpire assignments, and contractual issues as outlined in this agreement. The contact for each party to this agreement will be the designee of each organization.

14. MISCELLANEOUS

(a) Amendments. This Agreement shall not be amended, altered, or changed except by written agreement approved by the City and NTBA and signed by both Parties.

(b) Governing Law. This agreement shall be governed by, and construed and enforced in accordance with, the Laws of the State of Texas. Any action or proceeding arising out of or related in any way to this Agreement shall be brought solely in the District Court of Rockwall County, Texas.

(c) Severability. In the event any provision of this Agreement is held to be unenforceable for any reason; the unenforceability thereof shall not affect the remainder of this Agreement, which shall remain in full force and effect enforceable in accordance with its terms.

(d) Entire Agreement. This Agreement constitutes the entire agreement of the Parties with respect to the subject matter hereof, and supersedes all proposals or prior agreements, oral or written, and all other communication.

KE ANDREWS EXTENSION DESIGN**

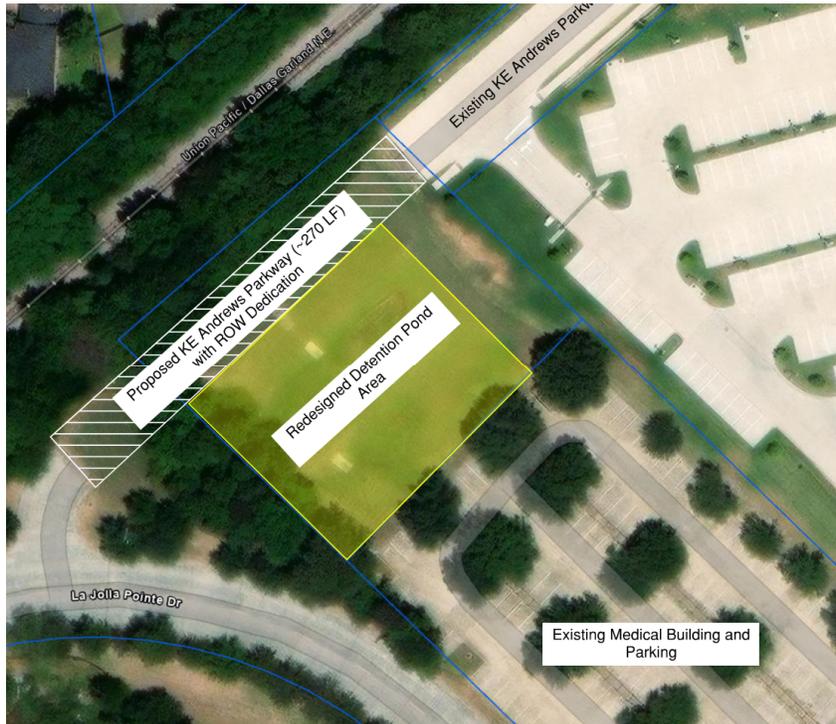

Project Description:

The CITY is planning to extend KE Andrews Parkway to connect to La Jolla Pointe Drive. Approximately 650 linear feet of KE Andrews was constructed in 2020 as part of the KE Andrews office building project. The roadway was designed as a 37-foot back-to-back concrete roadway with a 5-foot concrete sidewalk within a 60-foot right-of-way. The roadway was terminated at the property line and the CITY will be extending the roadway an additional 260 linear feet to connect to the existing La Jolla Pointe Drive.

The roadway extension crosses a vacant parcel described as A0064 E P G CHISUM, TRACT 15-2, ACRES .752 and is Rockwall County Appraisal District Property ID 44702. There is an existing detention pond on the property that will be redesigned and reconstructed. On each side of the extension there are existing 12" water lines. These will be connected as part of this project as well.

It is assumed that the roadway section will adhere to the same section that was used for the KE Andrews project, and a 60-foot right-of-way will be dedicated.

The project location and proposed improvements are shown in the image below.

APPLICANT: Chase Finch; Corwin Engineering, Inc.

CASE NUMBER: P2025-016; *Preliminary Plat for the Erwin Farms Subdivision*

SUMMARY

Consider a request by Chase Finch of Corwin Engineering, Inc. on behalf of John Arnold of Erwin Farms SF, LTD for the for the approval of a Preliminary Plat for Erwin Farms Subdivision consisting of 122 residential lots on a 98.198-acre tract of land identified as a portion of Tract 4 of the J. M. Gass Survey, Abstract No. 88, City of Rockwall, Rockwall County, Texas, zoned Planned Development District 104 (PD-104) [*Ordinance No. 25-15*] for Single-Family 10 (SF-10) District land uses, generally located on the southside of North Country Lane east of the intersection of North Country Lane and FM-1141, and take any action necessary.

PLAT INFORMATION

- ☑ Purpose. The purpose of the applicant's request is to Preliminary Plat a 98.198-acre parcel of land (*i.e. Tract 4 of the J. M. Gass Survey, Abstract No. 88*) to show the future establishment of 122 single-family residential lots and six (6) open space lots. The proposed Preliminary Plat also lays out the necessary easements (*e.g. right-of-way, utilities, and drainage*) for the future development of the residential subdivision. Staff should note that in conjunction with the submittal of this Preliminary Plat, the applicant has also submitted a Master Plat [*Case No. P2025-018*] for the Erwin Farms Subdivision.
- ☑ Background. The subject property was annexed on August 30, 1999 by *Ordinance No. 99-33* [*Case No. A1999-001*]. At the time of annexation, the subject property was zoned Agricultural (AG) District. On April 7, 2025, the City Council approved a zoning case [*Case No. Z2025-005*] that changed the zoning designation of the subject property from Agricultural (AG) District to Planned Development District 104 (PD-104) [*Ordinance No. 25-15*] for Single-Family 10 (SF-10) District land uses. Under this Planned Development District ordinance, the subject property was permitted to be developed with a total of 122 single-family residential lots (*or a density of 1.25 dwelling units per acre*) and a minimum of 33.19-acres of open space (*i.e. 25.60% open space on the gross*). The following is a summary of the lot composition and density and dimensional standards contained within Planned Development District 104 (PD-104):

TABLE 1: LOT COMPOSITION

Lot Type	Minimum Lot Size (FT)	Minimum Lot Size (SF)	Dwelling Units (#)	Dwelling Units (%)
A	100' x 120'	12,000 SF	100	81.30%

- ☑ Conformance to the Subdivision Ordinance. The surveyor has completed the majority of the technical revisions requested by staff, and this plat -- *conforming to the requirements for plats as stipulated by the Chapter 38, Subdivisions, of the Municipal Code of Ordinances* -- is recommended for conditional approval pending the completion of final technical modifications and submittal requirements.

MEMORANDUM

TO: Mary Smith, City Manager

FROM: Amy Williams, P.E., Director of Public Works/City Engineer

DATE: June 16, 2025

SUBJECT: South SH 205 and SH 276 Construction – Utility Relocation Project

The Texas Department of Transportation (TXDOT) is reconstructing SH 205 (S. Goliad) south to the City limits and SH 276 from FM 549 to the Hunt County line. Before construction begins on SH 205 (S. Goliad) and SH 276, the City will need to relocate any existing City maintained water and wastewater lines that will be in conflict with the proposed construction.

The City hired Birkhoff, Hendricks, & Carter, L.L.P. to provide the engineering design and specifications for the Project. Staff received five (5) bids for these construction projects through the bidding process which opened up on May 27, 2025. The low bidder was Hayes Construction, LLC, with a bid of \$626,478.00. This project has a construction contingency of \$94,000 to be added to the project. The cost of this construction is reimbursed by TXDOT. The engineering consultants have verified the references for J Hayes Construction and provided a letter of recommendation.

Staff requests the City Council consider approving the construction contract for the *South SH 205 & SH 276 Utility Relocation Project*, and authorize the City Manager to execute a contract with Hayes Construction, in an amount of \$626,478.00 and \$94,000 in construction contingency to be paid for out of the *2024 Water & Sewer Bonds* and reimbursed by TXDOT, and take any action necessary.

If you have any questions, please advise.

DATE: June 16, 2025

APPLICANT: Kyle Peterson

CASE NUMBER: Z2025-023; *Specific Use Permit (SUP) for two (2) Detached Covered Patios at 3326 Royal Ridge Drive*

SUMMARY

Hold a public hearing to discuss and consider a request by Kyle Peterson on behalf of Dean and Cathy Barrett for the approval of a Specific Use Permit (SUP) for two (2) *Detached Covered Porches* on a 0.1653-acre parcel of land identified as Lot 9, Block A, Breezy Hill, Phase IX Addition, City of Rockwall, Rockwall County, Texas, zoned Planned Development District 74 (PD-74) for Single-Family 10 (SF-10) District land uses, addressed as 3326 Royal Ridge Drive, and take any action necessary.

BACKGROUND

The subject property was annexed by the City Council -- along with the balance of the Breezy Hill Subdivision -- on February 4, 2008 through the adoption of *Ordinance No. 08-12*. This annexation came after three (3) years of litigation that lead to the execution of a *Chapter 212 Development Agreement*. In accordance with this agreement, the 405.184-acres that makeup the Breezy Hill Subdivision -- which includes the subject property -- was rezoned to Planned Development District 74 (PD-74) [Case No. Z2009-005; *Ordinance No. 09-19*] on April 20, 2009. On October 1, 2012, the City Council approved an amendment to Planned Development District 74 (PD-74) [Case No. Z2012-013; *Ordinance No. 12-26*] modifying the *Concept Plan* to remove the institutional land uses (i.e. *public-school sites*). On July 7, 2014, the City Council amended Planned Development District 74 (PD-74) [Case No. Z2014-017; *Ordinance No. 14-26*] to incorporate two (2) additional phases (i.e. *Phases IXA & IXB*), and to reduce the land area designated for limited General Retail (GR) District land uses. On January 29, 2016, the City Council approved a final plat [Case No. P2015-023] that establish the subject property as Lot 9, Block A, Breezy Hill Phase IX Addition. According to the Rockwall Central Appraisal District (RCAD), currently situated on the subject property is: [1] a 4,400 SF single-family home that was constructed in 2016, and [2] a swimming pool that was constructed in 2019.

Staff should note that this case is a referral from the Neighborhood Improvement Services (NIS) Department. On October 10, 2024, the Building Inspections Department received a building permit [Permit No. RES2024-5435] for two (2) structures in the rear yard [see Figure 1] of the subject property. Upon review of the permit, the Building Inspections Department determined that the applicant had already completed the proposed work, and that the structures violated the setback requirements (see Figure 1). Given this, on October 15, 2024 the Building Inspections Department notified the applicant that the unpermitted improvements needed to be removed from the subject property. Following this, on October 31, 2024, the Neighborhood Improvement Services (NIS) Department notified [Case No. CE2024-5743] the property owner of the violation. On April 14, 2025, the applicant informed the NIS Department that the structures had been removed, and that he would be submitting a subsequent application for two (2) new structures. Staff should also should note, that at a prior date artificial turf was installed in the rear and side yards of the subject property, and that the property owner will be required to submit a separate exception case to request the artificial turf. This has been added as a condition of approval for the requested Specific Use Permit (SUP).

FIGURE 1. AN AERIAL FROM JANUARY 13, 2025 OF THE UNPERMITTED IMPROVEMENTS ON THE SUBJECT PROPERTY.

PURPOSE

The applicant -- *Kyle Peterson* -- is requesting approval of a Specific Use Permit (SUP) for the purpose of allowing the construction of two (2) *Detached Covered Porches* on the subject property.

ADJACENT LAND USES AND ACCESS

The subject property is located at 3326 Royal Ridge Drive. The land uses adjacent to the subject property are as follows:

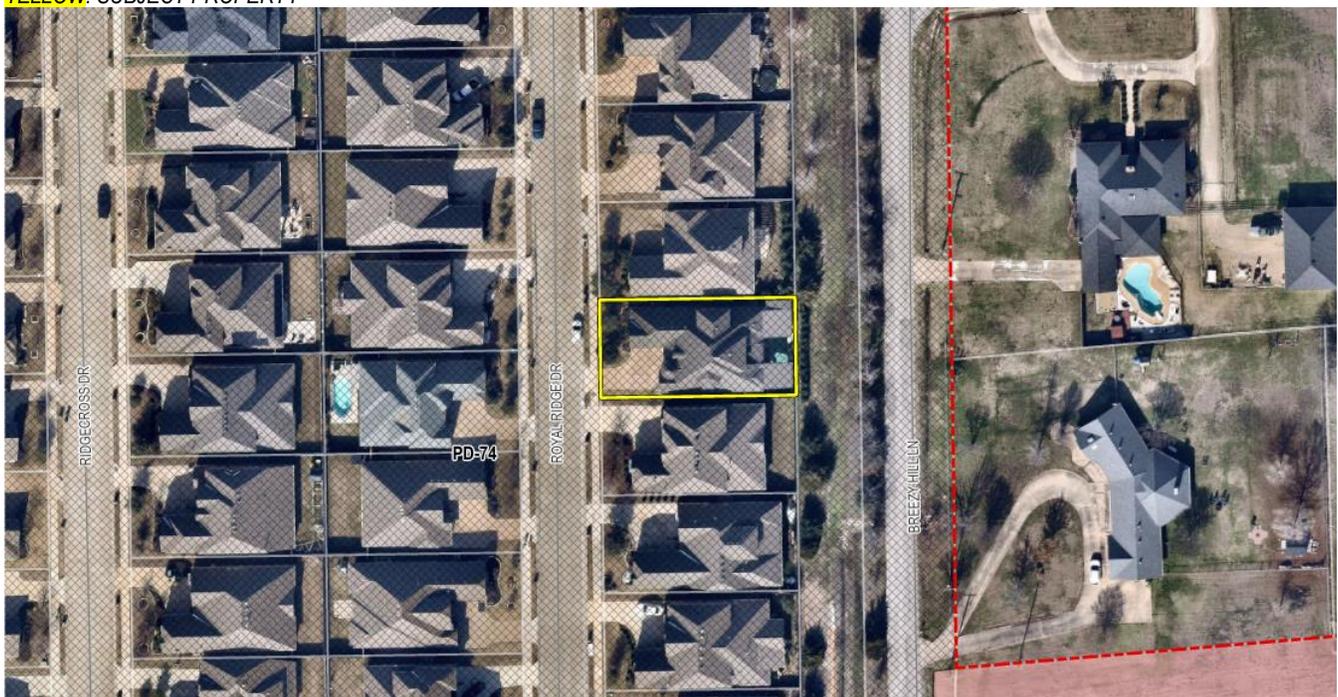

North: Directly north of the subject property is the remainder of the Breezy Hill Subdivision, which is zoned Planned Development District 74 (PD-74) for Single Family 10 (SF-10) District land uses. Beyond this is the corporate limits for the City of Rockwall and the boundary separating Rockwall County and Collin County.

South: Directly south of the subject property is the remainder of Phase IX of the Breezy Hill Subdivision, which consists of 55 residential lots that are zoned Planned Development District 74 (PD-74) for Single-Family 10 (SF-10) District land uses. Beyond this is the corporate limits for the City of Rockwall. Following this is FM-552, which is identified as a A4D (*i.e. major arterial, four [4] lane, divided roadway*) on the Master Thoroughfare Plan contained in the OURHometown Vision 2040 Comprehensive Plan.

East: Directly east of the subject property is 1.2870-acre open space lot (*i.e. Lot 15, Block A, Breezy Hill, Phase IX Addition*). Beyond this is Breezy Hill Lane, which is identified as a *Minor Collector* on the Master Thoroughfare Plan contained in the OURHometown Vision 2040 Comprehensive Plan. Following this is the corporate limits for the City of Rockwall.

Beyond this is a vacant 17.3750-acre tract of land (*i.e. Tract 7-05 of the T. R. Bailey Survey, Abstract No. 30*) zoned Planned Development District 74 (PD-74) for limited General Retail (GR) District land uses. Following this is John King Boulevard, which is identified as a P6D (*i.e. principle arterial, six [6] lane, divided roadway*) on the Master Thoroughfare Plan contained in the OURHometown Vision 2040 Comprehensive Plan.

CHARACTERISTICS OF THE PROJECT

The applicant is requesting approval of a Specific Use Permit (SUP) for two (2) *Detached Covered Porches* on the subject property. The two (2) structures will be 256 SF (*i.e. 16-feet x 16-feet*) and 288 SF (*i.e. 16-feet x 18-feet*), and both be 12-feet in height. Based on the exhibits provided by the applicant the *Detached Covered Porches* will incorporate a composite shingle roof with a 3:12 roof pitch. In addition, the applicant has indicated that the structures will include recessed can lights and a fan.

CHARACTERISTICS OF THE REQUEST AND CONFORMANCE TO THE CITY'S CODES

According to Article 13, *Definitions*, of the Unified Development Code (UDC) a *Residential Accessory Building or Structure* is defined as "(a) supplementary structure or building on a residential property that is secondary to the primary dwelling and serves a supportive or complementary function. These structures are typically used for purposes such as storage, recreation, or housing equipment and are ancillary to the primary residential use of the property." In addition, according to Subsection 07.04, *Accessory Structure Development Standards*, of Article 05, *District Development Standards*, of the Unified Development Code (UDC) each residential lot in a Single-Family (SF-10) District is permitted by-right one (1) *Detached Covered Porch* up to 500 SF that is 15-feet in height. In this case, the applicant is proposing two (2) *Detached Covered Porches* that will total 544 SF in size and be 12-feet in height.

According to Planned Development District 74 (PD-74) [*Ordinance No. 17-60*], the minimum roof pitch for a porch is 4:12 and all roofing shall utilize dimensional shingles. In this case, the applicant is requesting to utilize a 3:12 roof pitch with architectural shingles. This is considered a deviation from the Planned Development District ordinance; however, staff should point out that this being a detached structure, the change in the roof pitch appears to be nominal and the request does not appear to affect the character of the subdivision. With this being said, this aspect of the applicant's request is a discretionary decision for the City Council pending a recommendation from the Planning and Zoning Commission.

STAFF ANALYSIS

In review of the applicant's request, staff examined the other lots in Phase IX of the Breezy Hill Subdivision to determine if any other *Detached Covered Porches* have been constructed. Staff determined that there is currently one (1) other property that has a *Detached Covered Porch*. This *Detached Covered Porch* is 12-feet by 16-feet or 192 SF. Based on this, the subject property would be the only other property with a *Detached Covered Porch* within this phase of the Breezy Hill Subdivision, and -- *in this case* -- it would be the first property to have two (2) *Detached Covered Porches*. In addition, the proposed *Detached Covered Porches* would be the largest permitted -- *if approved* -- in this phase of the subdivision. If the applicant's request is approved, staff has included operational conditions in the Specific Use Permit (SUP) ordinance that tie down the size, roof design, and maximum number of *Accessory Structures* permitted on the subject property. As with any request for a Specific Use Permit (SUP), this request is a discretionary decision for the City Council pending a recommendation from the Planning and Zoning Commission.

NOTIFICATIONS

On May 20, 2025, staff mailed 68 property owner notifications to property owners and occupants within 500-feet of the subject property. There were no Homeowner's Associations (HOAs) or Neighborhood Organizations within 1,500-feet of the subject property participating in the Neighborhood Notification Program. Additionally, staff posted a sign on the subject property, and advertised the public hearings in the Rockwall Herald Banner as required by the Unified Development Code (UDC). At the time this report was drafted, staff has received two (2) notices in favor of the applicant's request.

CONDITIONS OF APPROVAL

If the City Council chooses to approve the applicant's request for a *Specific Use Permit (SUP)* to construct two (2) *Detached Covered Porches* on the subject property, then staff would propose the following conditions of approval:

- (1) The applicant shall be responsible for maintaining compliance with the operational conditions contained in the *Specific Use Permit (SUP)* ordinance and which are detailed as follows:
 - (a) The development of the *Detached Covered Porches* shall generally conform to the *Site Plan* as depicted in *Exhibit 'B'*

of the Specific Use Permit (SUP) ordinance; and,

- (b) The *Detached Covered Porches* shall generally conform to the *Building Rendering* as depicted in *Exhibit 'C'* of the Specific Use Permit (SUP) ordinance; and,
 - (c) The *Detached Covered Porches* shall together not exceed a maximum size of 545 SF; and,
 - (d) The *Detached Covered Porches* shall not incorporate a roof pitch less than 3:12; and,
 - (e) No additional *Accessory Structures* shall be constructed on the *Subject Property*.
- (2) A *Development Application* requesting an exception to allow unpermitted artificial turf shall be submit to the Planning and Zoning Department.
- (3) Any construction resulting from the approval of this *Specific Use Permit (SUP)* request shall conform to the requirements set forth by the Unified Development Code (UDC), the International Building Code (IBC), the Rockwall Municipal Code of Ordinances, city adopted engineering and fire codes and with all other applicable regulatory requirements administered and/or enforced by the state and federal government.

PLANNING AND ZONING COMMISSION

On June 10, 2025, the Planning and Zoning Commission approved a motion to recommend approval of the SUP by a vote of 5-0, with Commissioner Womble absent and a vacant seat.

RE: Request for Patio Additions Due to Medical Necessity

To Whom It May Concern,

We are writing to formally request approval for the addition of two patios to our property at 3326 Royal Ridge Drive, Rockwall, TX 75087. These additions are medically necessary to create essential shaded areas for our family members who must avoid direct sunlight due to serious health conditions.

Olan (Dean) Barrett has undergone a kidney transplant and requires immunosuppressive and anti-rejection medications, which significantly increase his sensitivity to sunlight. Due to his transplant, he is unable to swim in public pools, which is why we had a pool built in our backyard. However, prolonged sun exposure poses serious health risks, making shaded outdoor spaces a necessity for his well-being.

Additionally, our granddaughter has been diagnosed with leukemia, and her condition also necessitates strict sun avoidance. Her ongoing treatments and weakened immune system make exposure to direct sunlight particularly hazardous. Without adequate shaded areas, both she and Dean are unable to safely spend time outdoors.

The addition of these patios will provide the necessary protection and allow them to enjoy outdoor time safely. We greatly appreciate your consideration of this request and are happy to provide any additional documentation if needed.

Thank you for your time and understanding. Please feel free to contact us at your convenience for any further discussion.

Sincerely,

Dean and Cathy Barrett

APPLICANT: Anthony Winkler; *Texas Wedge*

CASE NUMBER: Z2025-024; *Specific Use Permit (SUP) for a Golf Driving Range*

SUMMARY

Hold a public hearing to discuss and consider a request by Anthony Winkler of Texas Wedge on behalf of Conor Keilty, AIA of Structured REA-Rockwall Land, LLC for the approval of a Specific Use Permit (SUP) for *Outdoor Commercial Amusement/Recreation* and a *Structure Exceeding 60-Feet in Height in a Commercial (C) District* for a *Golf Driving Range* on an 7.847-acre parcel of land identified as Lot 11, Block B, Fit Sport Life Addition, Rockwall County, Texas, zoned Commercial (C) District, generally located at the terminus of Fit Sport Life Boulevard, and take any action necessary.

BACKGROUND

The subject property was annexed by the City Council on July 21, 1997 by *Ordinance No. 97-14 [Case No. A1997-001]*. At the time of annexation, the subject property was zoned Agricultural (AG) District. Based on the City's *Historic Zoning Maps*, at some point between annexation and April 5, 2005 the subject property was zoned Commercial (C) District. On December 6, 2021, the City Council approved a preliminary plat [*Case No. P2021-020*] for the subject property. On May 6, 2024, the City Council approved a final plat [*Case No. P2024-016*] that established the subject property as Lot 11, Block B, Fit Sport Life Addition. The subject property has remained vacant since annexation.

Prior to the current submittal, the applicant had previously been approved for two (2) Specific Use Permits (SUP) for similar requests on the property directly north of the subject property. The first was approved by the City Council on October 3, 2022 [*Ordinance No. 22-52; S-287; Case No. Z2022-041*] and the second -- *which amended the original approval* -- was approved on September 5, 2023 [*Case No. Z2025-035; Ordinance No. 23-47; S-312*]. If the current request is approved, it would supersede both the previous approvals.

PURPOSE

On June 10, 2025, the applicant -- *Anthony Winkler* -- submitted an application requesting a Specific Use Permit (SUP) to establish an *Outdoor Commercial Amusement/Recreation* land use and a *Structure Exceeding 60-Feet in Height in a Commercial (C) District* for the purpose of constructing a *Golf Driving Range* and *Family Entertainment Center*.

ADJACENT LAND USES AND ACCESS

The subject property is located at the terminus of Fit Sport Life Boulevard. The land uses adjacent to the subject property are as follows:

North: Directly north of the subject property are two (2) vacant tracts of land (*i.e. Tracts 22 & 22-2 of the R. Irvine Survey, Abstract No. 120*) zoned Commercial (C) District. Beyond this is a 4.4317-acre tract of land (*i.e. Tract 22-01 of the R. Irvine Survey, Abstract No. 120*) developed with a *Truck/Trailer Rental* facility (*i.e. Big Tex Trailers*) zoned Light Industrial (LI) District. Following this is the eastbound *Frontage Road* for IH-30, followed by the main lanes of IH-30, and the westbound *Frontage Road* for IH-30.

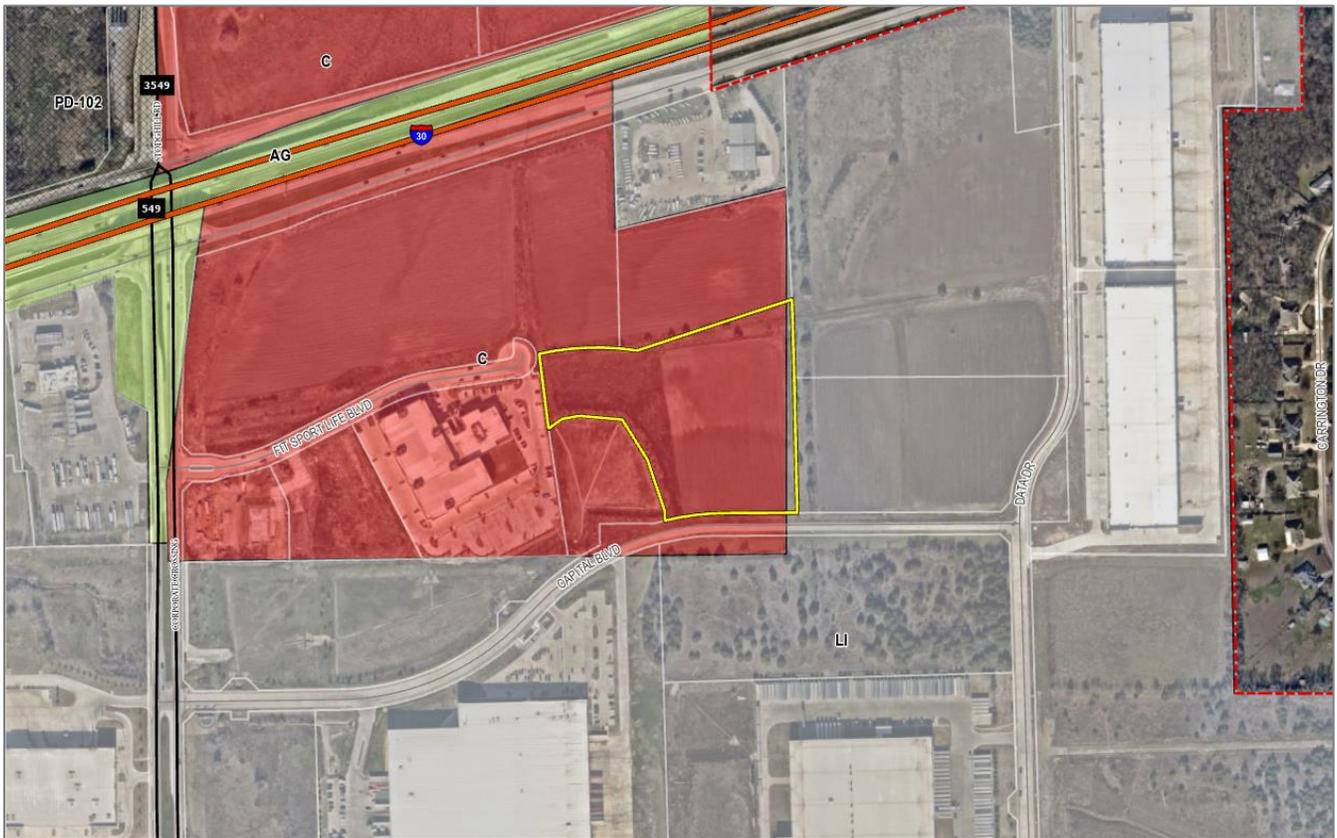

South: Directly south of the subject property is Capital Boulevard, which is identified as a R2U (*i.e. residential, two [2] lane, undivided roadway*) on the Master Thoroughfare Plan contained in the OURHometown Vision 2040 Comprehensive

Plan. Beyond this is a vacant 10.98-acre tract of land (i.e. *Tract 1 of the J. H. B. Jones Survey, Abstract No. 125*), situated within Phase 4 of the Rockwall Technology Park. Following this is a 30.035-acre parcel of land (i.e. *Lot 1, Block A, Rockwall Technology Park Phase IV Addition*) developed with a 391,599 SF industrial building (i.e. *Pratt Industries*). Both properties are zoned Light Industrial (LI) District.

East: Directly east of the subject property is are two (2) vacant tracts of land (i.e. *Lot 9, Block B, Fit Sport Life Addition; Tract 24-2 of the R. Irvine Survey, Abstract No. 120*). Beyond this is Data Drive, which is identified as a *Minor Collector* on the Master Thoroughfare Plan contained in the OURHometown Vision 2040 Comprehensive Plan. Following this is a 10.174-acre parcel of land (i.e. *Lot 5, Block A, Rockwall Park 30 Addition*) developed with a 157,720 SF industrial building. All of these properties are zoned Light Industrial (LI) District.

West: Directly west of the subject property is a 2.3790-acre parcel of land (i.e. *Lot 8, Block B, Fit Sport Life Addition*) that serves as the detention system for an adjacent property. Beyond this is a 6.3770-acre parcel of land (i.e. *Lot 5, Block B, Fit Sport Life Addition*) developed with a *Sports Complex*. Following this is a 4.7670-acre vacant parcel of land (i.e. *Lot 13, Block B, Fit Sport Life Addition*). West of this is a 1.9490-acre parcel of land (i.e. *Lot 12, Block B, Fit Sport Life Addition*) developed with a *Retail Store with Gasoline Sales* (i.e. 7-11). All of these properties are zoned Commercial (C) District. Beyond this is Corporate Crossing (i.e. *FM-549*), which is identified as a *A4D (i.e. arterial, four [4] lane, divided roadway)* according to the Master Thoroughfare Plan contained in the OURHometown Vision 2040 Comprehensive Plan.

CHARACTERISTICS OF THE REQUEST

The applicant has submitted a concept plan for an entertainment venue that will consist of *Outdoor Commercial Amusement, Restaurants, Banquet Facility/Event Hall*, and a *Golf Driving Range*. The concept plan shows that the facility will incorporate two (2) restaurants consisting of 6,600 SF, an event space consisting of 4,000 SF, an arcade consisting of 3,700 SF, a kid's playground consisting of 1,800 SF, an *Outdoor Commercial Amusement/Recreation* space (i.e. *Mini-Golf*), and a *Golf Driving Range* with of open-air driving bays. The required parking for the proposed facility will be 268 parking spaces. The proposed facility will be two (2) stories in height and incorporate 345 parking spaces. In addition, the *Golf Driving Range* will extend 60-yards and be enclosed using nets that will be supported with poles that will stand 175-feet in height.

CONFORMANCE WITH THE CITY'S CODES

According to the *Permissible Use Charts* contained in Article 04, *Permissible Uses*, of the Unified Development Code (UDC) the *Restaurant and Banquet Facility/Event Hall* land uses are permitted *by-right* within the Commercial (C) District; however, the *Golf Driving Range* and *Outdoor Commercial Amusement/Recreation* require a Specific Use Permit (SUP) within the Commercial (C) District. The Unified Development Code (UDC) does not stipulate any *Conditional Land Use Standards* for the *Golf Driving Range*, and the purpose of the Specific Use Permit (SUP) requirement for the *Golf Driving Range* land use is to acknowledge that this land use may not be appropriate in all locations of the City. According to the *Conditional Use Standards* for the *Outdoor Commercial Amusement/Recreation* land use, it shall be located a minimum of 300-feet from and residential zoned or used property. In this case, the applicant is in conformance with this *Conditional Land Use Standard*. In addition to the land use standards, Article 05, *District Development Standards*, of the Unified Development Code (UDC) stipulates a maximum building height of 60-feet in the Commercial (C) District; however, the code goes on to grant the City Council the ability to increase the building height up to 240-feet through a Specific Use Permit (SUP). In this case, the proposed poles supporting the nets for the *Golf Driving Range* will be 175-feet in total height. Staff should note that the City Council and Planning and Zoning Commission approved the height increase of 175-feet with the previous Specific Use Permits (SUP) [Ordinance No. 22-52 & 23-47; S-287 & S-312].

OURHOMETOWN VISION 2040 COMPREHENSIVE PLAN

According to the *Land Use Plan* contained in the OURHometown Vision 2040 Comprehensive Plan, the subject is situated within the *IH-30 Corridor District* and is designated for *Special Commercial Corridor* land uses. This land use designation is defined as being "...intended to provide an area for commercial/retail and regional commercial/retail activity centers that are intended to support and serve the entire region." The primary land uses for this designation are listed as *Regional Shopping Centers, Entertainment, Retail, Personal Services, Restaurant, Corporate Offices, Employment and Recreation* land uses. In addition, the *IH-30 Corridor Plan* contained in Appendix B, *Corridor Plans*, of the OURHometown Vision 2040 Comprehensive Plan, identifies the subject property as being a *Strategically Located Property* and designated as an *Opportunity Zone* or "(a) segment of the existing corridor with vacant or strategically placed or underutilized land that could be developed or redevelopment with the highest and best use for the corridor." In this case, it appears that the applicant's request is in conformance with the goals and policies of the *Special Commercial Corridor* within the *IH-30 Corridor District*.

STAFF ANALYSIS

The Specific Use Permit (SUP) request submitted by the applicant is the third time this request has been made. On September 5, 2023, the City Council approved a Specific Use Permit (SUP) [*Ordinance No. 23-47; S-312*] for a *Golf Driving Range* [*Case No. Z2023-035*] on the subject property. As part of this SUP approval an exception to the maximum building height was approved, and a condition of approval was added to the ordinance to enable the increased height. In this case, the applicant is making the same request except the project is located one (1) lot to the south of the original property. That being said, there are differences between the approved SUP and the current request. Based on the provided concept plans the applicant has: [1] reduced the driving lane structure from three (3) stories to two (2) stories, [2] reduced the main building from three (3) stories to one (1) story, [3] added an arcade, [4] added two (2) driveways onto Discovery Boulevard, [5] reduced the driving range length from 200-yards to 60-yards, and [6] moved the project one (1) lot to the south.

All that being said, the location, access, surrounding land uses, and visibility of the subject property appear to be appropriate for a regional entertainment venue. Staff should point out that in other cities, land uses -- *similar to what the applicant is proposing* -- have proven to be regional destination centers (e.g. *Top Golf, Drive-Shack, etc.*). Based on this, the applicant's request does conform to the types of land uses indicated for the subject property by the OURHometown Vision 2040 Comprehensive Plan. In addition, the subject property is located in an area of the City that is surrounded by commercial and industrial land uses, and does not have any residential adjacencies that would be inconsistent with the proposed land use. Taking this into consideration, the proposed additional height requested for the support poles does not appear to have a negative impact on any adjacent properties. With this being said, a request for a Specific Use Permit (SUP) is a discretionary decision for the City Council pending a recommendation from the Planning and Zoning Commission.

NOTIFICATIONS

On May 20, 2025, staff mailed 11 notices to property owners and occupants within 500-feet of the subject property. Additionally, staff posted a sign on the subject property, and advertised the public hearings in the Rockwall Herald Banner as required by the Unified Development Code (UDC). There were no Homeowner's Associations (HOA's) or Neighborhood Organizations within 1,500-feet of the subject property participating in the Neighborhood Notification Program. At the time this report was drafted, staff had not received any notices returned concerning the applicant's request.

CONDITIONS OF APPROVAL

If the City Council chooses to approve the applicant's request for a Specific Use Permit (SUP) allowing *Outdoor Commercial Amusement/Recreation* and a *Structure to Exceed 60-Feet in a Commercial (C) District* for the purpose of establishing a *Golf Driving Range* and *Family Entertainment Center*, then staff would propose the following conditions of approval:

- (1) The applicant shall be responsible for maintaining compliance with the *Operational Conditions* contained in the Specific Use Permit (SUP) ordinance and which are detailed as follows:
 - (a) The development and operation of a *Golf Driving Range* and *Outdoor Commercial Amusement/Recreation* shall generally conform to the *Concept Plan* depicted in *Exhibit 'B'* of the Specific Use Permit (SUP) ordinance.
 - (b) The maximum height of the netting and support structures shall not exceed 175-feet and shall generally conform to *Exhibit 'C'* of the Specific Use Permit (SUP) ordinance.
- (2) Any construction resulting from the approval of this *Specific Use Permit (SUP)* shall conform to the requirements set forth by the Unified Development Code (UDC), the International Building Code (IBC), the Rockwall Municipal Code of Ordinances, city adopted engineering and fire codes and with all other applicable regulatory requirements administered and/or enforced by the state and federal government.

PLANNING AND ZONING COMMISSION

On June 10, 2025, the Planning and Zoning Commission approved a motion to recommend approval of the SUP by a vote of 5-0, with Commissioner Womble absent and a vacant seat.

TO: Mayor and City Council
DATE: June 16, 2025
APPLICANT: Felipe Zanotti
CASE NUMBER: Z2025-025; *Specific Use Permit (SUP) for a Wholesale Showroom Facility*

SUMMARY

Hold a public hearing to discuss and consider a request by Felipe Zanotti on behalf of Ryan Moorman of R. D. Morman, Inc. for the approval of a Specific Use Permit (SUP) for a *Wholesale Showroom Facility* on a 1.2220-acre parcel of land identified as Lot 26 of the Rainbow Acres Addition, Rockwall County, Texas, zoned Commercial (C) District, addressed as 263 Ranch Trail, and take any action necessary.

BACKGROUND

On October 25, 1962 -- *prior to the date of annexation* -- the subject property was established by final plat as part of Lots 14 & 16 of the Rainbow Acres Addition. The subject property was annexed by *Ordinance No. 04-34* on May 17, 2004. On September 7, 2004, the City Council approved a zoning change [*Case No. Z2024-027; Ordinance No. 04-50*] changing the zoning of the subject property from an Agricultural (AG) District to a Commercial (C) District. In 2017, the City Council approved a replat [*Case No. P2017-050*] to subdivide the subject property (*i.e. Lots 22 & 23 of the Rainbow Acres Addition*) from the adjacent property in order for a *Mini-Warehouse Facility* to be developed on Lot 23. On September 10, 2019, the Planning and Zoning Commission approved a site plan [*Case No. SP2019-031*] for the purpose of constructing a 4,950 SF office building, and converting the existing 2,366 SF single-family home into an office building. Associated with the site plan was a variance for the horizontal articulation; however, this request failed to get a supermajority vote, failing 4-2 with Commissioners Womble and Welch dissenting and Commissioner Moeller absent. The applicant appealed the variance denial to the City Council, where the City Council denied the appeal on November 7, 2019 by a vote of 7-0. After this denial the applicant proceeded with converting the existing single-family home into an office building, but abandoned the request to add a new 4,950 SF office building to the subject property. On May 11, 2021 the Planning and Zoning Commission approved a site plan [*Case No. SP2021-012*] to allow the construction of a 4,950 SF *Office Building* on the subject property. On February 21, 2023, the City Council approved a replat [*Case No. P2023-001*] that establish the subject property as Lot 26 of the Rainbow Acres Addition.

PURPOSE

The applicant -- *Felipe Zanotti* -- is requesting the approval of a Specific Use Permit (SUP) to allow a *Wholesale Showroom Facility* in a Commercial (C) District on the subject property.

ADJACENT LAND USES AND ACCESS

The subject property is addressed as 263 Ranch Trail. The land uses adjacent to the subject property are as follows:

CHARACTERISTICS OF THE REQUEST

The applicant has submitted an application and a zoning exhibit requesting a Specific Use Permit (SUP) for a Wholesale Showroom Facility on the subject property. Existing on the subject property is a 2,797 SF Office Building that was converted from a single-family home in 2018, and a 4,950 SF Office Building that was constructed in 2022. Based on the floor plan

provided by the applicant, the 4,950 SF *Office Building* will be split into *Office* and *Warehousing* in order to accommodate the requested *Wholesale Showroom Facility*.

CONFORMANCE WITH THE CITY'S CODES

Subsection 02.01(J), *Wholesale, Distribution, and Storage Land Uses*, of Article 13, *Definitions*, of the Unified Development Code (UDC), defines a *Wholesale Showroom Facility* as “(a)n establishment that primarily consists of sales offices and sample display areas for products and/or services delivered or performed off-premises...retail sales of products associated with the primary products and/or services are permitted. Warehousing facilities shall be incidental to the primary use and shall not exceed 50% of the total floor area.” In this case, the applicant’s proposed use falls under this classification, and the provided floor plan indicates that 50% of the total floor area will be for *Warehousing*. According to the *Permissible Use Charts* contained in Article 04, *Permitted Uses*, of the Unified Development Code (UDC), a *Wholesale Showroom Facility* requires a Specific Use Permit (SUP) in a Commercial (C) District. The purpose of this requirement is to acknowledge that the *Wholesale Showroom Facility* land use is not appropriate within all of the City’s commercial areas, and that the City Council should have discretionary oversight with regard to this land use and their impacts within these types of districts.

STAFF ANALYSIS

According to Subsection 02.02, *Specific Use Permits (SUP)*, of Article 11, *Development Applications and Review Procedures*, of the Unified Development Code (UDC), “(t)he purpose of a Specific Use Permit (SUP) is to allow discretionary consideration of certain uses that would typically be considered incompatible within certain locations of a zoning district.” In review of the surrounding land uses, many of the adjacent uses are either offices or legally non-conforming warehouse land uses. Based on this, the proposed *Wholesale Showroom Facility* appears to blend with the adjacent established land uses. Staff should note, that the proposed *Wholesale Showroom Facility* is being utilized in a similar manner as the previous tenant (*i.e. Office and Storage*). Given this, the subject property conforms to the parking standards outlined within the Unified Development Code (UDC). All that being said, the approval of a Specific Use Permit (SUP) is a discretionary decision for the City Council pending a recommendation from the Planning and Zoning Commission.

OURHOMETOWN VISION 2040 COMPREHENSIVE PLAN

According to the *Land Use Plan* contained in the OURHometown Vision 2040 Comprehensive Plan, the subject property is situated within the *Southwest Residential District* and is situated within an area that is identified as a *Transitional Area*. According to the district, the *Transitional Area* is defined as, “...currently transitioning from interim land uses and building types to more permanent structures with conforming land uses. These areas should be given special consideration with regard to requests that further the establishment of uses and structures that will improve the property values of the adjacent properties...” In this case, this the proposed *Wholesale Showroom Facility* appears to be blend with the adjacent land uses within the *Transitional Area* along Ranch Trail. In addition, the *Wholesale Showroom Facility* will be required to meet the current Unified Development Code (UDC) standards.

NOTIFICATIONS

On May 20, 2025, staff mailed 34 notices to property owners and occupants within 500-feet of the subject property. Additionally, staff posted a sign on the subject property, and advertised the public hearings in the Rockwall Herald Banner as required by the Unified Development Code (UDC). There were no Homeowner’s Associations (HOA’s) or Neighborhood Organizations within 1,500-feet of the subject property participating in the Neighborhood Notification Program. At the time this report was drafted, staff had not received any notices returned concerning the applicant’s request.

CONDITIONS OF APPROVAL

If the City Council chooses to approve the applicant’s request for a Specific Use Permit (SUP) for a *Wholesale Showroom Facility* within a Commercial (C) District, then staff would propose the following conditions of approval:

- (1) The applicant shall be responsible for maintaining compliance with the operational conditions contained in the SUP ordinance and which are detailed as follows:

- (a) The development of the *Subject Property* shall generally conform to the *Floor Plan* as depicted in *Exhibit 'B'* of this ordinance.
 - (b) The *Wholesale Showroom Facility* shall not utilize more than 50.00% of the total floor area for *Warehousing*.
 - (c) There shall be no *Outside Storage* on the *Subject Property*.
- (2) Any construction resulting from the approval of this zoning change shall conform to the requirements set forth by the Unified Development Code (UDC), the International Building Code (IBC), the Rockwall Municipal Code of Ordinances, city adopted engineering and fire codes and with all other applicable regulatory requirements administered and/or enforced by the state and federal government.

PLANNING AND ZONING COMMISSION

On June 10, 2025, the Planning and Zoning Commission approved a motion to recommend approval of the SUP by a vote of 5-0, with Commissioner Womble absent and a vacant seat.

Subject: Request for SUP to Establish Tile and Stone Showroom Facility at 263 Ranch Trail

Dear City of Rockwall Planning and Zoning Department,

We are the prospective tenants of the property located at 263 Ranch Trail, Rockwall, and we are reaching out to discuss our intended use of the facility and the necessary steps to proceed with obtaining the required approvals.

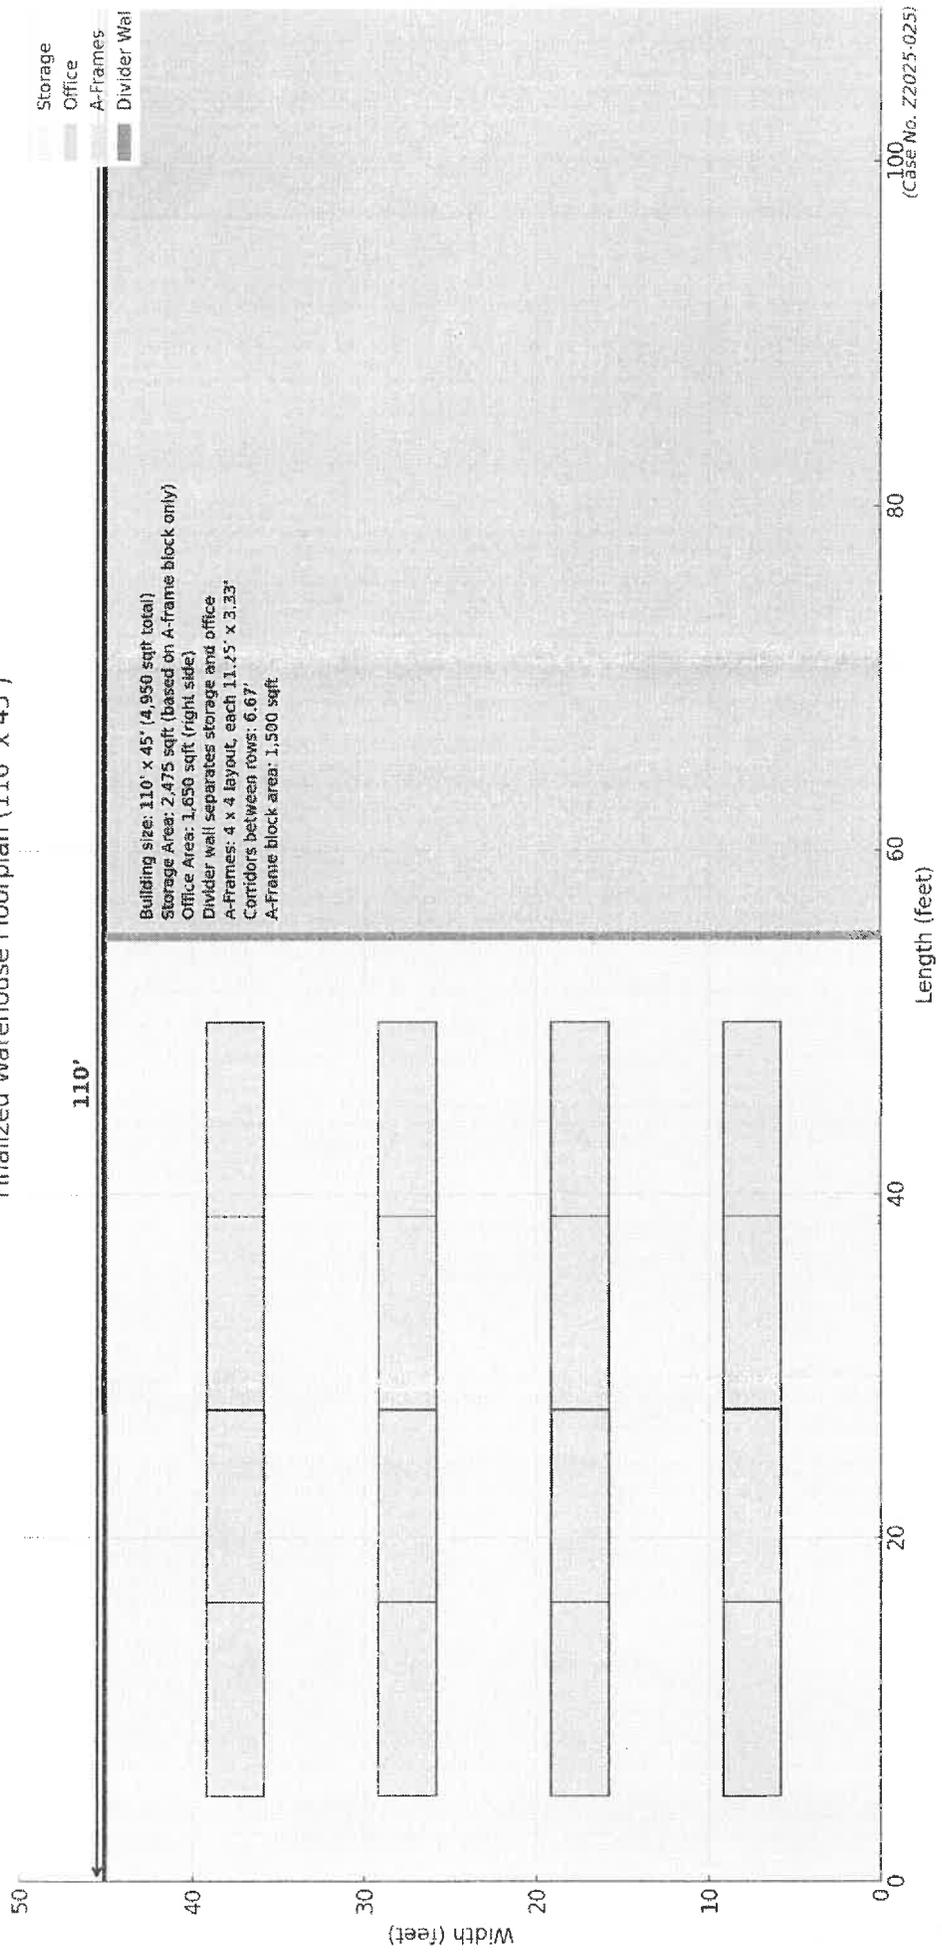

Our goal is to establish a tile and stone showroom at this location. The facility will operate solely as a display showroom — the front area will feature sample tiles, while the back area will showcase stone slabs. Please note that we will not be functioning as a third-party warehouse for any external company. Our business is focused entirely on displaying product samples for wholesale purposes, without on-site fabrication or storage services for others.

We believe this intended use aligns with the definition of a Wholesale Showroom Facility, as outlined in the Commercial (C) District zoning regulations. As such, we understand that this use is permitted through a Specific Use Permit (SUP).

Attached is our proposed floorplan for your review. We would appreciate the City's help in getting the SUP approved so we can move forward with our project.

Thank you for your attention and support. We look forward to your feedback and assistance

TO: Mayor and City Council
DATE: June 16, 2025
APPLICANT: Elijah Tekurio
CASE NUMBER: Z2025-026; *Specific Use Permit (SUP) for a Detached Garage at 2743 Stoney Hollow Lane*

SUMMARY

Hold a public hearing to discuss and consider a request by Elijah Tekurio for the approval of a Specific Use Permit (SUP) for a *Detached Garage* on a 0.7702-acre parcel of land identified as Lot 23, Block A, Stoney Hollow Addition, City of Rockwall, Rockwall County, Texas, zoned Single-Family 16 (SF-16) District, addressed as 2743 Stoney Hollow Lane, and take any action necessary.

BACKGROUND

The subject property was annexed into to the City of Rockwall on August 30, 1999 by *Ordinance No. 99-33 [Case No. A1999-001]*. At the time of annexation, the subject property was zoned Agricultural (AG) District. On October 15, 2001, the City Council approved a preliminary plat [*Case No. PZ2000-124-01*] for the Stoney Hollow Subdivision. Following this approval, on November 5, 2001 the City Council approved *Ordinance No. 01-52 [Case No. PZ2000-123-01]* changing the zoning of a 45.319-acre tract of land -- *of which the subject property is a part of* -- from an Agricultural (AG) District to a Single-Family 16 (SF-16) District. On August 15, 2002, the City Council approved a final plat [*Case No. P2002-024*] establishing the subject property as Lot 23, Block A, Stoney Hollow Addition. An amending plat in the form of a replat [*Case No. P2004-026*] was approved by the City Council on July 19, 2004 establishing the necessary easements for the subdivision. According to the Rockwall Central Appraisal District (RCAD), a 3,264 SF single-family home was constructed on the subject property in 2005 and a 144 SF accessory building was constructed in 2016. In addition, there is a ~144 SF covered porch also on the subject property that was not identified by RCAD.

PURPOSE

The applicant -- *Elijah Tekurio* -- is requesting the approval of a Specific Use Permit (SUP) to allow the construction of a *Detached Garage* that exceeds the maximum permissible size as stipulated by Subsection 07.04, *Accessory Structure Development Standards*, of Article 05, *District Development Standards*, of the Unified Development Code (UDC).

ADJACENT LAND USES AND ACCESS

The subject property is addressed as 2743 Stoney Hollow Lane. The land uses adjacent to the subject property are as follows:

North: Directly north of the subject property are several parcels of land developed with single-family homes zoned Single-Family 16 (SF-16) District. All of these properties are within the Stoney Hollow Addition, which consists of 96 residential lots on 41.88-acres of land. Beyond this is the corporate limits of the City of Rockwall. North of this is E. FM-552, which is identified as a A4D (*i.e. major arterial, four [4] lane, divided roadway*) on the Master Thoroughfare Plan contained in the OURHometown Vision 2040 Comprehensive Plan. North of this are several single-family properties situated in the City's Extraterritorial Jurisdiction (ETJ).

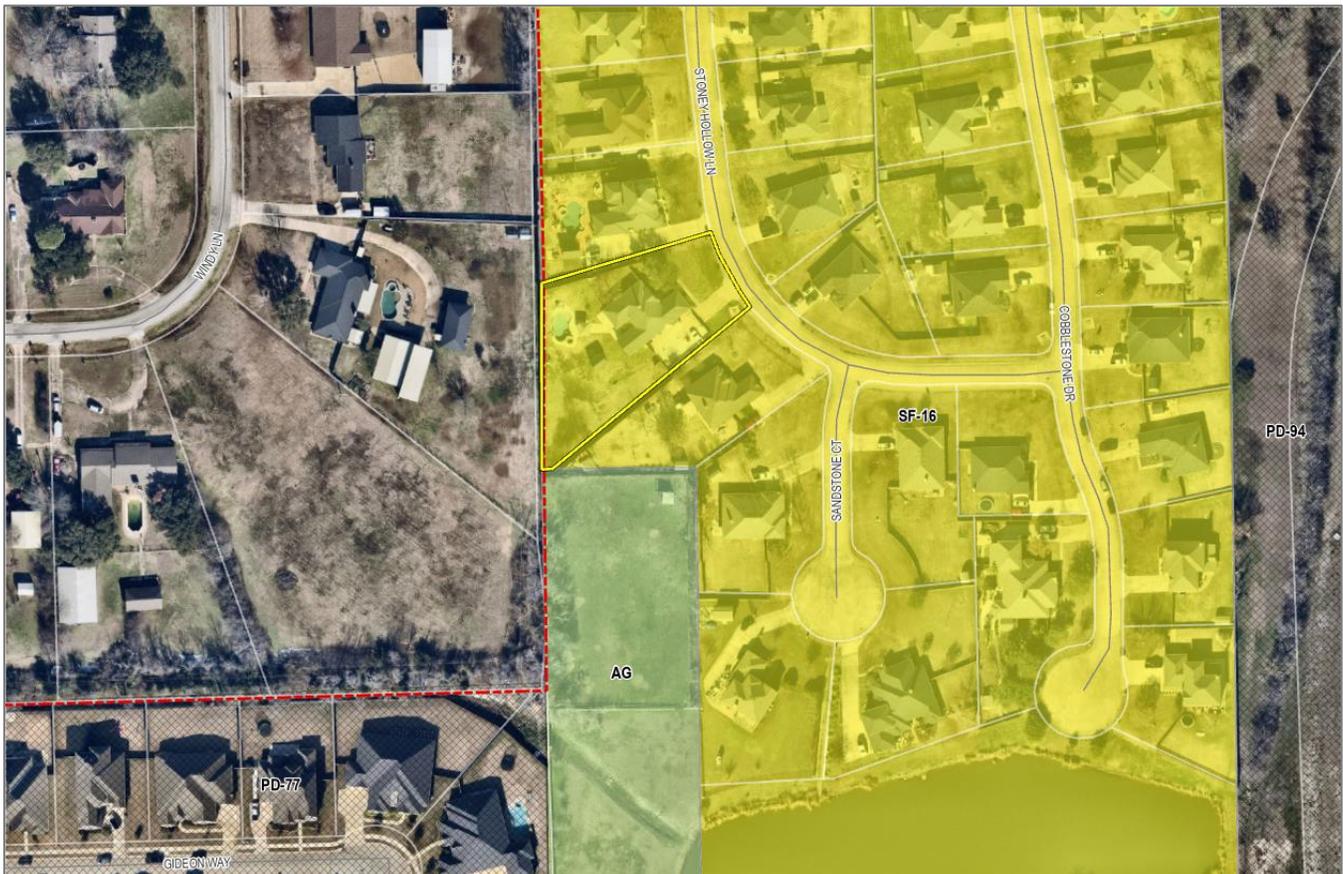

South: Directly south of the subject property is a 0.6508-acre parcel of land (*i.e. 2731 Stoney Hollow Lane*) developed with a single-family home and zoned Single-Family 16 (SF-16) District. Beyond this is a 3.874-acre tract of land (*i.e. Tract 14-5 of the J.M. Gass Survey, Abstract No. 88*) developed with a single-family home zoned Agricultural (AG) District. South of this is E. Quail Run Road, which is identified as an M4U (*i.e. major collector, four [4] lane, undivided*).

roadway) on the City's Master Thoroughfare Plan contained in the OURHometown Vision 2040 Comprehensive Plan.

East: Directly east of the subject property is Stoney Hollow Lane, which is identified as an R2 (*i.e. residential, two [2] lane, undivided roadway*) on the City's Master Thoroughfare Plan contained in the OURHometown Vision 2040 Comprehensive Plan. Following this is the remainder of the Stoney Hollow Addition, which consists of 96 residential lots on 41.88-acres of land. East of this is a 76.5770-acre parcel of land (*i.e. Lot 1, Block A, Rockwall ISD Addition*) developed with a secondary school (*i.e. Rockwall High School Ninth Grade Campus North*). This property is zoned Planned Development District 94 (PD-94) for Neighborhood Service (NS) District land uses.

West: Directly west of the subject property is the corporate limits of the City of Rockwall. Beyond this is the Windmill Valley Subdivision, which is situated within the City's Extraterritorial Jurisdiction (ETJ).

MAP 1: LOCATION MAP
YELLOW: SUBJECT PROPERTY

CHARACTERISTICS OF THE REQUEST

The applicant is requesting the approval of a Specific Use Permit (SUP) to allow the construction of a *Detached Garage*. The site plan indicates that the *Detached Garage* will have a building footprint of 35' x 24' or 840 SF. The site plan also indicates that the *Detached Garage* will be located 20-feet, 2-inches behind the primary structure, meet all the applicable building setbacks, and be accessed at the front of the property via a 131-foot concrete driveway. The building elevations indicate that the structure will stand 15-feet in height (*i.e. 12-feet as measured to the midpoint of the roof*), and be clad in metal. The proposed structure will have a single car garage door that will face onto Stoney Hollow Lane.

CONFORMANCE WITH THE CITY'S CODES

According to Subsection 07.04, *Accessory Structure Development Standards*, of Article 05, *District Development Standards*, of the Unified Development Code (UDC), the Single-Family 16 (SF-16) District allows one (1) detached garage with a maximum

square footage of 625 SF. In this case, the proposed *Detached Garage* exceeds the maximum permissible square footage by 215 SF. This subsection goes on to state that only one (1) other accessory structure other than a *Detached Garage* is permitted by-right. In this case, there is currently one (1) existing accessory building that will be removed from the property once the proposed detached garage is approved. This means that the *Detached Garage* will not cause the subject property to exceed the maximum allowable number of accessory buildings (*i.e. there will only be two [2] accessory structures on the subject property after the completion of the project -- a covered porch and detached garage*). As a condition of approval for this case staff has included an operational condition in the draft ordinance that -- *if approved* -- will require the existing accessory structure be removed prior to the acceptance of the *Detached Garage*.

In addition, the UDC states that a *Detached Garage* must be located behind the front façade of the primary structure, incorporate a minimum 20-foot concrete driveway, and must be affixed to a permanent concrete foundation. In this case, the proposed *Detached Garage* is located more than 20-feet behind the front façade of the home, will be affixed to a permeant concrete foundation, and incorporates a concrete driveway that conforms to the requirements.

STAFF ANALYSIS

Staff examined other accessory buildings located on properties along Stoney Hollow Lane, and found that the vast majority of these accessory buildings were for storage purposes (*i.e. not detached garages*). Given this, the proposed *Detached Garage* would be largest of the existing accessory buildings in this portion of the Stoney Hollow Subdivision; however, given the placement of the proposed structure, it appears that it will have limited visibility from the street and does not appear to have a negative impact on adjacent properties. With this being said, a Specific Use Permit (SUP) is a discretionary decision for the City Council pending a recommendation from the Planning and Zoning Commission.

NOTIFICATIONS

On May 20, 2025, staff mailed 46 notices to property owners and occupants within 500-feet of the subject property. Staff also sent a notice to the Stoney Hollow and Dalton Ranch Homeowner's Associations (HOAs), which are the only HOA's or Neighborhood Organizations within 1,500-feet of the subject property participating in the Neighborhood Notification Program. Additionally, staff posted a sign on the subject property, and advertised the public hearings in the Rockwall Herald Banner as required by the Unified Development Code (UDC). At the time this report was drafted, staff has received one (1) notice in favor of the applicant's request.

CONDITIONS OF APPROVAL

If City Council chooses to approve of the applicant's request for a Specific Use Permit (SUP), then staff would propose the following conditions of approval:

- (1) The applicant shall be responsible for maintaining compliance with the operational conditions contained in the Specific Use Permit (SUP) ordinance and which are detailed as follows:
 - (A) The development of the *Subject Property* shall generally conform to the Site Plan as depicted in *Exhibit 'B'* of the Specific Use Permit (SUP) ordinance.
 - (B) The *Detached Garage* shall generally conform to the Building Elevations depicted in *Exhibit 'C'* of the Specific Use Permit (SUP) ordinance.
 - (C) The *Detached Garage* shall not exceed a maximum size of 840 SF.
 - (D) The *Detached Garage/Accessory Structure* may not be sold or conveyed separately from the single-family home without meeting the requirements of the zoning district and subdivision ordinance.
 - (E) Prior to the acceptance of the *Detached Garage*, the existing accessory structure shall be removed from the subject property.
 - (F) No additional *Detached Garages or Accessory Buildings* may be constructed on the *Subject Property*.

- (2) Any construction resulting from the approval of this Specific Use Permit (SUP) shall conform to the requirements set forth by the Unified Development Code (UDC), the International Building Code (IBC), the Rockwall Municipal Code of Ordinances, city adopted engineering and fire codes and with all other applicable regulatory requirements administered and/or enforced by the state and federal government.

PLANNING AND ZONING COMMISSION

On June 10, 2025, the Planning and Zoning Commission approved a motion to recommend approval of the Specific Use Permit (SUP) by a vote of 5-0, with Commissioner Womble absent and one (1) vacant seat.

APPLICANT: Grayson Hughes; *Sutherland King Consulting, LLC*
CASE NUMBER: Z2025-027; *Specific Use Permit for a Church/House of Worship at 1362 FM-552*

SUMMARY

Hold a public hearing to discuss and consider a request by Grayson Hughes of Sutherland King Consulting, LLC on behalf of Felix Tan of Ridgeview Church for a Specific Use Permit (SUP) for a *Church/House of Worship* (i.e. *Ridgeview Church*) for the expansion of an existing *Church* that will exceed the maximum permissible building size on a 7.052-acre parcel of land identified as Lot 28 of the Skyview Country Estates No. 3 Addition, City of Rockwall, Rockwall County, Texas, zoned General Retail (GR) District, addressed as 1362 FM-552, and take any action necessary.

BACKGROUND

According to the Rockwall Central Appraisal District (RCAD), the 21,658 SF existing church was constructed in 1980. On July 16, 2012, the subject property was annexed into the City of Rockwall by *Ordinance No. 12-17* [i.e. *Case No. A2012-001*]. At the time of annexation, the subject property was zoned Agricultural (AG) District. On October 15, 2012, the City Council approved a replat [i.e. *Case No. P2012-031*] establishing the subject property as Lot 28 of the Skyview Country Estates No. 3 Addition. On October 1, 2018, the City Council approved *Ordinance No. 18-43* [i.e. *Case No. Z2018-038*] changing the zoning of the subject property from an Agricultural (AG) District to a General (GR) District. In addition to the existing 21,658 SF church, the Rockwall Central Appraisal District (RCAD) also identifies a 128 SF shop, an 80 SF storage building, a 2,054 SF single-family home, and two (2), 1,560 SF portable classrooms.

PURPOSE

The applicant -- *Grayson Hughes* -- is requesting the approval of a Specific Use Permit (SUP) to allow for an expansion of an existing *Church/House of Worship* and a building that will exceed 25,000 SF in a General Retail (GR) District on the subject property.

ADJACENT LAND USES AND ACCESS

The subject property is addressed as 1362 FM-552. The land uses adjacent to the subject property are as follows:

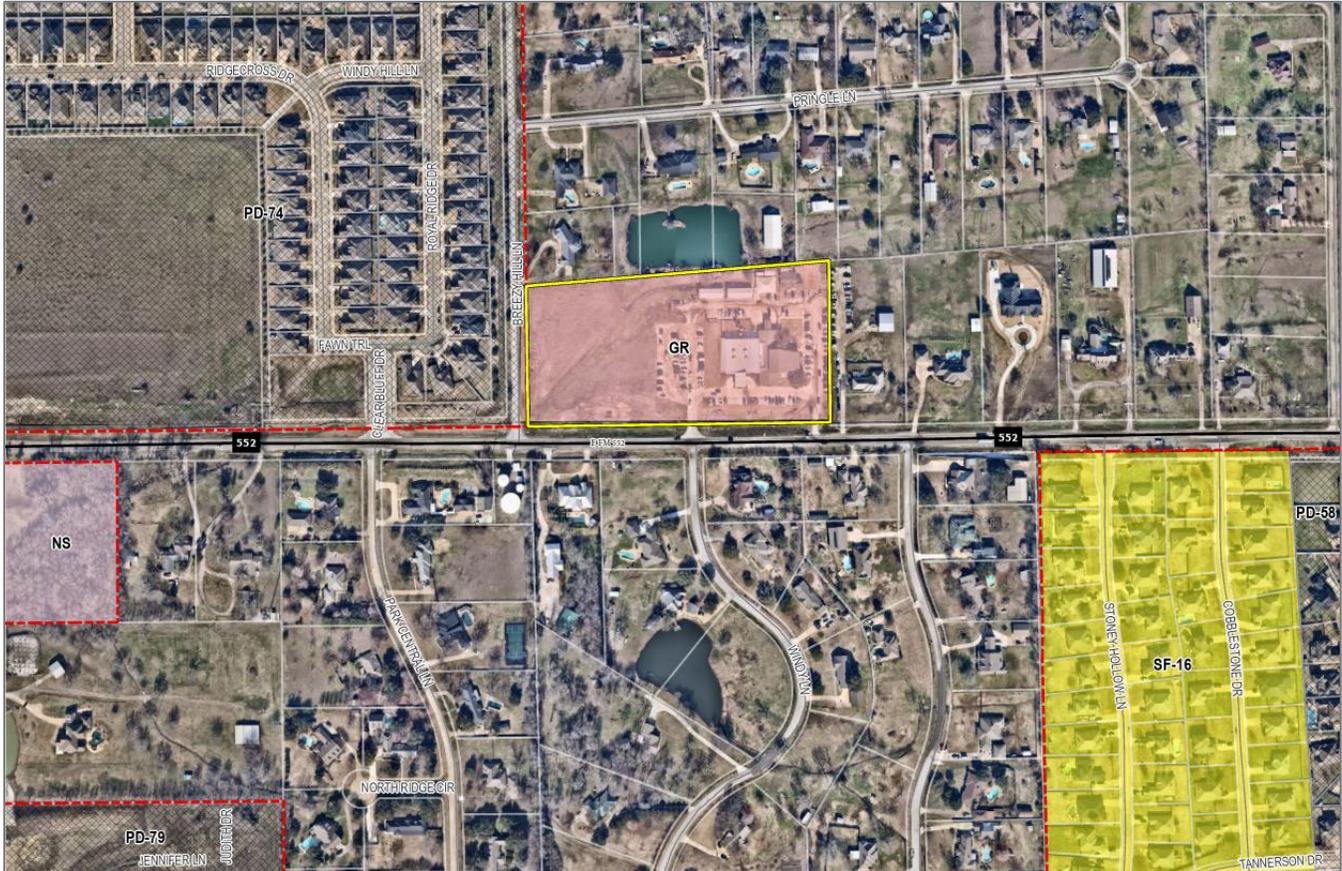

North: Directly north of the subject property are the corporate limits of the City of Rockwall. Beyond this is a residential subdivision (i.e. *Skyview Country Estates #2 Addition*) that is situated within the City's Extraterritorial Jurisdiction (ETJ).

East: Directly east of the subject property are the corporate limits for the City of Rockwall. Beyond this are five (5) parcels of land (i.e. *Lots 23-27 of the Skyview Country Estates #3 Addition*) developed with single-family homes that are situated within the City's Extraterritorial Jurisdiction (ETJ).

South: Directly south of the subject property are the corporate limits of the City of Rockwall. Beyond this is FM-552, which is identified as a A4D (i.e. *major arterial, four [4] lane, divided roadway*) on the Master Thoroughfare Plan contained in the OURHometown Vision 2040 Comprehensive Plan. Beyond this is the Windmill Valley Subdivision, which is situated within the City's Extraterritorial Jurisdiction (ETJ).

West: Directly west of the subject property is Breezy Hill Lane, which is identified as a *Minor Collector* on the Master Thoroughfare Plan contained in the OURHometown Vision 2040 Comprehensive Plan. Beyond this is Phase 9 of the Breezy Hill Subdivision, which consists of 59 residential lots on 16.82-acres of land. This subdivision has been in existence since January 29, 2016. West of this is a vacant 17.3750-acre tract of land (*i.e. Tract 7-5 of the T.R. Bailey Survey, Abstract No. 30*). All of these properties are zoned Planned Development District 74 (PD-74) for Single-Family 10 (SF-10) District and limited General Retail (GR) District land uses.

YELLOW: SUBJECT PROPERTY

CHARACTERISTICS OF THE REQUEST

The applicant has submitted an application, building elevations, site plan, and a floor plan requesting a Specific Use Permit (SUP) for the expansion of an existing *Church/House of Worship* that will exceed the maximum permissible building size for a building in a General Retail (GR) District. According to the Rockwall Central Appraisal District (RCAD) there is an existing 21,658 SF church, a 128 SF shop, an 80 SF storage building, a 2,054 SF single-family home, and two (2), 1,560 SF portable classrooms situated on the subject property. The site plan submitted by the applicant depicts the proposed expansion of the existing *Church/House of Worship*, which will be approximately 35,653 SF and consist of an auditorium, a multi-purpose room, class rooms and offices. The proposed concept plan also details the proposed locations for parking, drop-off for the daycare, and the existing access drives surrounding the property. Additionally, it indicates that a total of 286 parking spaces will be provided for the 1,013 seats in the sanctuary. This exceeds the required number of parking spaces by 32 spaces (*i.e. 254 spaces are required*). Also included with this request is the removal of the two (2), 1,560 SF portable classrooms from the subject property.

CONFORMANCE WITH THE CITY'S CODES

Subsection 02.02(C), *Institutional and Community Service Land Uses*, of Article 13, *Definitions*, of the Unified Development Code (UDC), defines a *Church/House of Worship* as “(a) facility or area primarily used for religious gatherings, ceremonies, and worship services. It typically includes a sanctuary or worship hall, administrative offices, classrooms for religious

education, and often ancillary facilities such as a fellowship hall, kitchen, and parking lot. These facilities serve as places for spiritual practice, community gatherings, and religious observance for adherents of a particular faith or denomination.” In this case, the applicant’s proposed use falls under this classification. According to the *Permissible Use Charts* contained in Article 04, *Permitted Uses*, of the Unified Development Code (UDC), a *Church/House of Worship* land use is permitted by Specific Use Permit (SUP) in a General Retail (GR) District. The Specific Use Permit (SUP) process allows “...discretionary consideration of certain uses that would typically be considered incompatible within certain locations of a zoning district, but may become compatible with the addition of special provisions, conditions or restrictions.” Staff should point out that there is currently an existing *Church/House of Worship* already located at 1362 FM-552 that was constructed in 1980; however, the expansion proposed by the applicant consists of 35,653 SF of internal space and parking areas that must be reviewed by the Planning and Zoning Commission and City Council.

With regard to the concept plan provided by the applicant, the proposed parking field is located in front of the front façade of the building along FM-552 and Breezy Hill Lane. According to the notes for the General Retail (GR) District contained in the chart in Subsection 07.03, *Non-Residential District Development Standards*, of Article 05, *District Development Standards*, of the Unified Development Code (UDC), “(p)arking should not be located between the front façade and the property line.” In this case, the parking fields located between the front facades of the building and FM-552 and Breezy Hill Road are a deviation from the requirements in the Unified Development Code (UDC). In addition, this section of the code also states that the maximum size of a building in a General Retail (GR) District is 25,000 SF. In this case, the existing *Church/House of Worship* building is 21,658 SF and the proposed expansion will add an additional 35,653 SF for a total building area of 53,904 SF. These aspects of the applicant’s request are discretionary decisions that will need to be considered by the Planning and Zoning Commission and City Council.

STAFF ANALYSIS

When reviewing the applicant’s request, staff should point out that the existing building was constructed prior to the property being annexed into the City of Rockwall, and much of the existing structure is considered to be legally non-conforming. This includes existing parking that is situated between the front façade of the existing building and FM-552. In addition, the existing church was constructed away from the corner of the FM-552 and Breezy Hill Lane. This aspect of the existing design makes it difficult for the *Church/House of Worship* to be expanded and be in conformance with parking requirements; however, it should be noted that the parking being added with the proposed expansion will meet the required number of parking spaces. As a compensatory measure for allowing the deviation for the parking lot locations, the applicant has proposed increasing the amount of landscaping adjacent to both Breezy Hill Road and FM-552. The applicant has also proposed to provide a residential adjacency buffer for the properties north of the subject property, and -- despite these properties being located outside the City’s corporate boundaries -- this will help lessen the impacts on these properties that may result from the increased activities proposed by the expansion. This buffer will be 20-feet wide and incorporate three (3) tiered screening. The final compensatory measure being offered by the applicant is the removal of the two (2), 1,560 SF portable classrooms, which will bring the property closer into conformance with the Unified Development Code (UDC). With all this being said, the approval of a Specific Use Permit (SUP) is a discretionary decision for the City Council pending a recommendation from the Planning and Zoning Commission.

NOTIFICATIONS

On May 20, 2025, staff mailed 33 notices to property owners and occupants within 500-feet of the subject property. In addition, staff notified the Stoney Hollow and Dalton Ranch Homeowner’s Associations (HOAs), which are the only Homeowner’s Associations (HOAs) or Neighborhood Organizations within 1,500-feet of the subject property participating in the Neighborhood Notification Program. Additionally, staff posted a sign on the subject property, and advertised the public hearings in the Rockwall Herald Banner as required by the Unified Development Code (UDC). At this time, staff has not received any notices back regarding the applicant’s request.

CONDITIONS OF APPROVAL

If City Council chooses to approve of the applicant’s request for a Specific Use Permit (SUP) for a *Church/House of Worship* within a General Retail (GR) District, then staff would propose the following conditions of approval:

- (1) The applicant shall be responsible for maintaining compliance with the operational conditions contained in the Specific

Use Permit (SUP) ordinance and which are detailed as follows:

- (a) The proposed expansion of the *Church/House of Worship* shall be architecturally compatible in design and materials to the existing *Church/House of Worship* and shall generally conform to the Conceptual Building Elevations depicted in *Exhibit 'B'* of the Specific Use Permit (SUP) ordinance.
 - (b) The proposed *Church/House of Worship* shall generally conform to the Site Plan and Floor Plan depicted in *Exhibit 'C'* of the Specific Use Permit (SUP) ordinance.
 - (c) A 20-foot landscape buffer, with a berm, and three (3) tiered screening (*i.e. three [3] individual tiers of small to mid-sized shrubs, large shrubs or accent trees, and canopy trees*) shall be provided adjacent to the northern property line for the purpose of providing screening from the residential properties north of the subject property. In areas where there are existing buildings, the Planning and Zoning Commission may approve deviations to the size and composition of the buffer as part of the Site Plan review process.
 - (d) Increased landscaping shall be provided adjacent to the proposed parking lot along FM-552 and Breezy Hill Road. The increased landscaping shall be reviewed by the Planning and Zoning Commission as part of the Site Plan review process.
 - (e) The proposed *Church/House of Worship* shall not exceed a total building size of 54,000 SF.
 - (f) The two (2) existing 1,560 SF portable classrooms shall be removed from the property prior to the issuance of a new Certificate of Occupancy (CO) for the expansion of the *Church/House of Worship*.
 - (g) The *Church/House of Worship* shall dedicate a 20-foot utility easement along the entire frontage of FM-552.
- (2) Any construction resulting from the approval of this Specific Use Permit (SUP) request shall conform to the requirements set forth by the Unified Development Code (UDC), the International Building Code (IBC), the Rockwall Municipal Code of Ordinances, city adopted engineering and fire codes and with all other applicable regulatory requirements administered and/or enforced by the state and federal government.

PLANNING AND ZONING COMMISSION

On June 10, 2025, the Planning and Zoning Commission approved a motion to recommend approval of the Specific Use Permit (SUP) by a vote of 5-0, with Commissioner Womble absent and one (1) vacant seat.

RE: Specific Use Permit Explanation Letter
Ridgeview Church Expansion

Dear Team,

SUTHERLAND KING CONSULTING, LLC (SKC) is providing this letter on behalf of Ridgeview Church in support of their application for expanding their facilities.

The church endeavors to expand the existing worship facilities by approximately 35,000 square feet of internal space and subsequent parking areas on the exterior of the building as reflected on the site plan associated with this submission.

It is our understanding this property was previously annexed into the City and assigned a zoning designation of General Retail, therefore this use is a legally non-conforming use and requires a Specific Use Permit upon substantial redevelopment.

We respectfully request the approval of a Specific Use Permit to permit this expansion.

In addition, we understand that General Retail prohibits parking between the building and the street frontage.

Since this property is on a corner lot (2 frontages) and the church is attempting to maximize available parking for its patrons' use and safety, we require all available areas for parking we can possibly use.

We respectfully request a variance to this requirement so that we may provide parking as shown on the associated site plan, including parking between the church and Breezy Hill, as well as the parking between the church and FM 552. As required by the landscape ordinance, we will provide landscape screening to accommodate any headlights as well as respecting the required buffers along the rights-of-way.

In summary:

- We request approval of the Specific Use Permit to extend the church worship facilities.
- We request approval of the variance to allow parking between the primary building and the right-of-way.

Finally, as a general note to staff and the reviewing boards, the portable buildings in the back of the lot shall be removed from the property as a part of this redevelopment.

If you should have any questions about the information contained herein, please do not hesitate to contact our office.

Regards,

TO: Mayor and City Council
DATE: June 16, 2025
APPLICANT: Hailee Handy
SUBJECT: Z2025-028; Amendment to Planned Development District 37 (PD-37)

On May 16, 2025, the applicant -- *Hailee Handy* -- submitted an application requesting to amend Planned Development District 37 (PD-37) in order to change the permitted land uses allowed within the Planned Development District ordinance. The applicant is requesting this amendment to allow the *Medical Office* land use -- *with conditions* -- to facilitate the continued operation of her business (*i.e. Enchanting Aesthetics*) on the subject property. Planned Development District 37 (PD-37) is a unique district that has an underlying zoning of Single Family 16 (SF-16) District, but allows professional offices (*i.e. attorney, insurance, financial planning, and accounting services*) as *Home Occupations* to be located within the two (2) existing single-family homes. The original Planned Development District 37 (PD-37) facilitated these land uses through an expansion of the *Home Occupation* requirements. Specifically, this ordinance allows professional offices that are "...an accessory [*land use*] to the primary residential use..." to be operated by the resident of the home, and stipulates that they [1] have no more than three (3) employees in addition to the homeowner, [2] do not allow the expansion of the professional office from the existing single-family homes, and [3] require a Certificate of Occupancy (CO). This varies from the *Home Occupation* requirements within the Unified Development Code (UDC). These requirements stipulate that businesses in a single-family home are *not* permitted to have employees or customers on-site and do *not* require Certificates of Occupancy (CO). In this case, the applicant has been operating a *Medical Office* -- *which is not currently a permitted land use in Planned Development District 37 (PD-37)* -- out of 3077 N. Goliad Street without a valid Certificate of Occupancy (CO). Staff should also note the other property located within Planned Development District 37 (PD-37) (*i.e. 3079 N. Goliad Street*) is currently being used as a single-family home and does not have an active *Home Occupation*.

This case comes as a referral from the Neighborhood Improvement Services (NIS) Division [Case No. CE2025-2591], where staff found that the applicant is currently operating a *Medical Office* (*i.e. Enchanting Aesthetics*) out of 3077 N. Goliad Street. In April of this year, the Building Inspection (BI) Division contacted the applicant to inform her that a *Medical Office* is not a permitted land use on the subject property, and that she would be required to rezone the subject property; however, no application was submitted initiating this request and the applicant continued to operate the business without resolving the issues. Based on this, staff engaged the Neighborhood Improvement Services (NIS) Division, and on May 13, 2025 the NIS Division sent a letter to the property owner informing her that she was in violation of the City's requirements and would need to request rezoning or cease to operate. This prompted the applicant to submit an application on May 16, 2025, to request approval of an amendment to Planned Development District 37 (PD-37) to incorporate the *Medical Office* land use. Based on the applicant's letter, staff determined that the existing business offers personal services (*i.e. facials, scar revision, hair loss treatments, lymphatic massages, HydraFacial's, chemical peels, dermaplaning, Botox, and filler*) that cross into multiple land uses as defined by the Unified Development Code (UDC). In addition, the applicant indicated that they operate as an appointment only business. According to the Unified Development Code (UDC) the services offered are defined as a *Medical Office, General Personal Services, and Massage Therapist*. Ultimately, in order to facilitate the applicant's request -- *while being cognizant of the existing residential adjacencies* --, staff prepared a *Draft Ordinance* that amends the permitted *Home Occupation* land uses in Planned Development District 37 (PD-37) to include *Medical Office with General Personal Services and Massage Therapist* as ancillary or accessory land uses.

On May 20, 2025, staff mailed 27 notices to property owners and occupants within 500-feet of the subject property. In addition, staff notified Harlan Park, Stone Creek, and The Shores on Lake Ray Hubbard Homeowner's Association (HOA), which are the only HOAs within 1,500-feet of the subject property participating in the Neighborhood Notification Program. Additionally, staff posted a sign on the subject property, and advertised the public hearings in the Rockwall Herald Banner as required by the Unified Development Code (UDC). At this time, staff has not received any notices in regard to the applicant's request. Should the City Council have any questions, staff will be available at the June 16, 2025 City Council meeting.

PLANNING AND ZONING COMMISSION

On June 10, 2025, the Planning and Zoning Commission approved a motion to recommend approval of the zoning change by a vote of 5-0, with Commissioner Womble absent and a vacant seat.

Subject: Request for Rezoning Approval – In-Home Salon

Dear Planning and Zoning Committee,

I am writing to formally request rezoning approval for my residential property located at 3077 N. Goliad St in Rockwall, TX, to operate a small in-home salon. The purpose of this request is to allow a low-impact, appointment-based beauty service that aligns with the growing demand for specialized personal care in a comfortable and private setting.

My in-home salon will comply with all city regulations and maintain the integrity of the neighborhood. I am committed to operating a professional, well-managed business that will have minimal impact on traffic, parking, and noise levels. My salon will:

- Operate by appointment only, ensuring controlled and limited foot traffic.
- Provide adequate parking on my property to prevent street congestion.
- Follow all health and safety guidelines set forth by the state and local authorities.
- Maintain the residential character of my home, with no modifications that would disrupt the neighborhood's aesthetic.

There are two residential units with the home occupations as part of the planned development. Included in the project information is a letter from the applicant describing their future plans for the property. Staff would recommends approximately one horse per acre for this request.

To Whom It May Concern:

I live north of Rockwall on highway 205 on PD-37. This development is a little over seven acres. I moved to the north end of town because it is more rural and less congested. I appreciate the slower pace and country setting that this end of town offers my family and me.

Two years ago my daughter became very interested in horses. Since that time we have purchased two horses. We now board them 20 miles away.

I am requesting that you revise this planned development (PD-37) to allow me to have my horses on this property.

I have asked all of my neighbors about this and they are very excited about the possibility of horses on this property. Joel Steed and Kerry Mason are my immediate neighbors. They own 24 acres. They purchased their properties near the same time as I did for the same reasons.

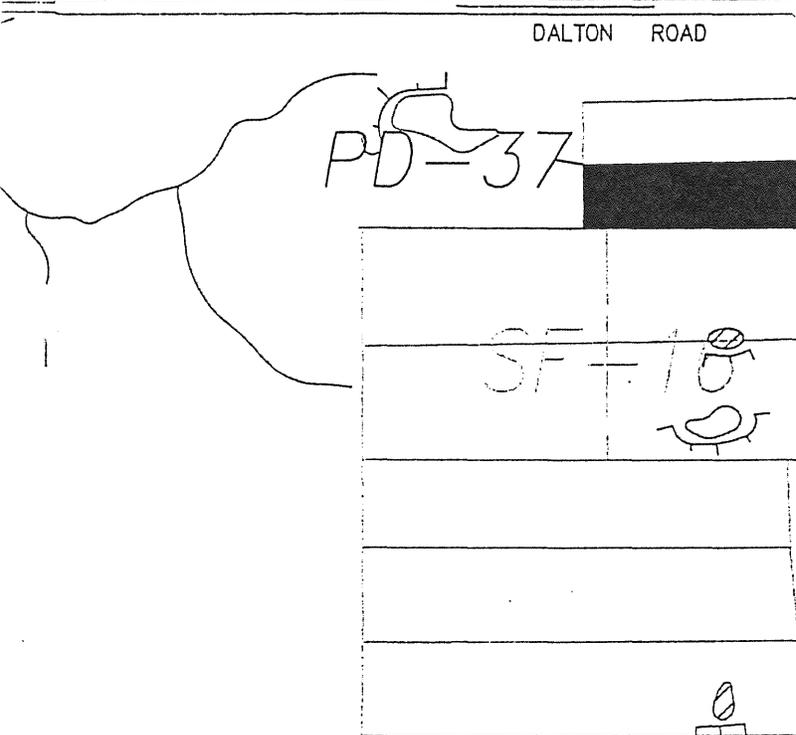

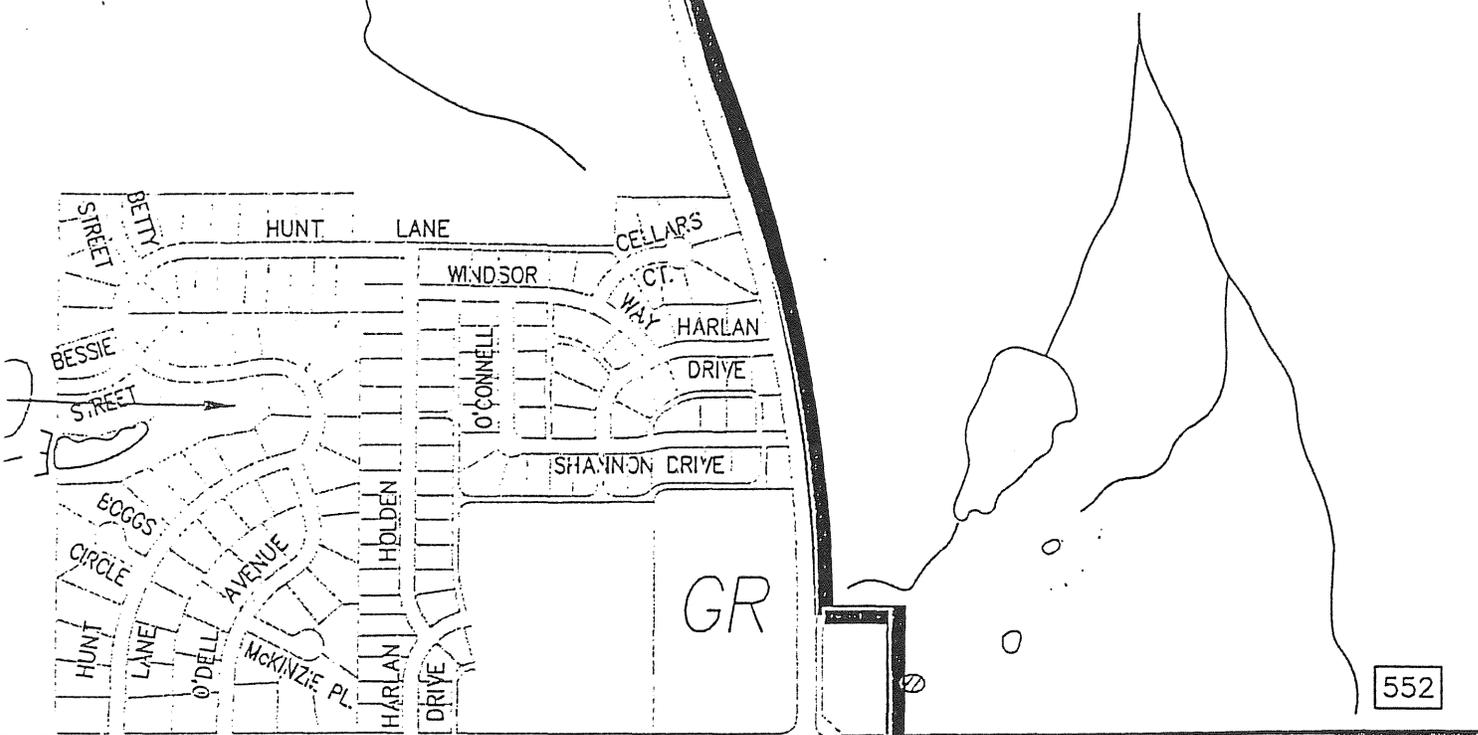

Dick Peterson is on the backside of my property. His land is zoned agriculture and he has many animals. Across the street is the property that is in the Caurth Trust. It is zoned agricultural and they graze cattle and horses on this property.

As my family and I have enjoyed our ownership of horses, we look forward to meeting and discussing this issue with each of you.

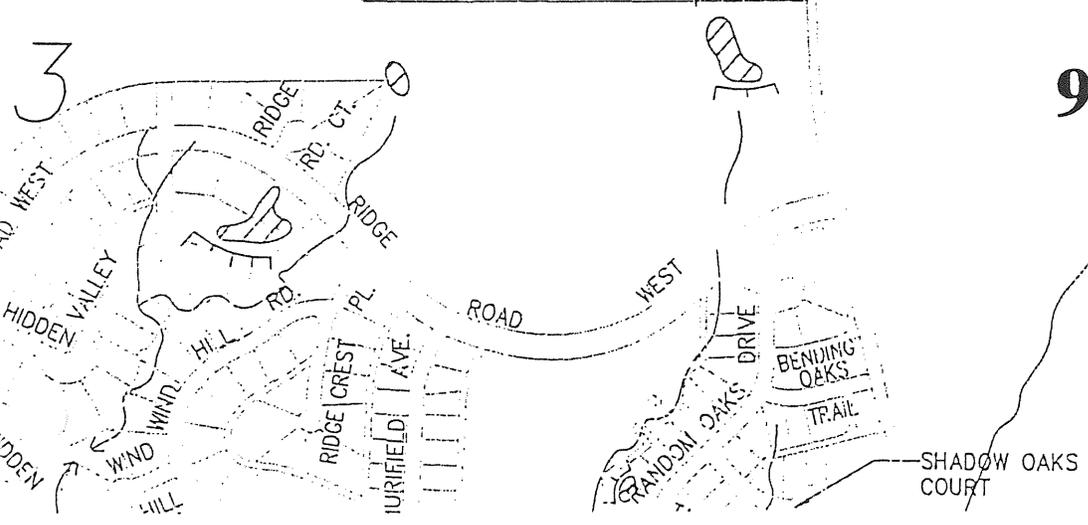

Sincerely,

Rick Dirkse

MEMORANDUM

TO: Mayor and Council Members

FROM: Mary Smith, City Manager

DATE: June 16, 2025

SUBJECT: Downtown Regulating Plan and the Southside Residential Overlay District Ordinance

Mayor McCallum requested an agenda item to discuss the potential for a review and potential modifications to both the Downtown Regulating Plan and the Southside Residential Overlay District Ordinance. A brief history of each is outlined below.

Southside Residential Neighborhood Overlay (SRO) District

Established: June 3, 1996

Ordinance: 96-12

Downtown (DT) District

Established: September 4, 2007

Ordinance: 07-34

NOTES: The Downtown Master Plan was originally called for by the Hometown 2000 Comprehensive Plan, which was adopted on December 17, 2001 by *Resolution 01-04*. The Downtown Plan (*i.e. Downtown Plan: Blue Print for a Downtown Village*) was adopted by the City Council on November 15, 2004, and created the framework for the Downtown (DT) District. The framework for the form-based code that became the Downtown (DT) District was adopted by the City Council on February 5, 2007 by *Ordinance No. 07-06 [Case No. Z2006-026]*, and the Downtown (DT) District itself was codified and changed through a zoning case [*Case No. Z2007-012*] by *Ordinance No. 07-34*, which was adopted on September 4, 2007.

The enacting Ordinances are attached for Council's reference and staff can answer any questions. If the Council directs staff to move forward with a city-initiated review of these areas then we will need to hear more details regarding the specifics items to be evaluated and addressed.
